7. Evaluating Progress Toward Measurable Goals MCM 2

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

This DRAFT annual report was available for public review and comment beginning May 5, 2017 at the Glenville Municipal Center. This report was also made available on the town's website beginning May 5, 2017. Glenville's Stormwater Management Officer discussed this report and the town's stormwater management program at the regular meeting of the Town Board held May 3, 2017. Continue to actively participate in Schenectady Co. Water Quality Coordinating Committee.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

Stormwater management is always an issue at public hearings conducted by the town's Planning and Zoning Commission (PZC) when the PZC considers proposals for new development. Residents routinely appear before the PZC with questions, concerns and comments about a project's proposed stormwater Best Management Practices. Annual shoreline/stream clean-up continues each year. Water Quality Coordinating Committee participation continues to be strong.

C. How many times was this observation measured or evaluated in this reporting period?

--	--	--	--

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

Conduct and participate in annual beach/stream shoreline clean-up.
 Attend and participate in monthly (10) Water Quality Coordinating Committee (WQCC) meetings with other Schenectady County MS4 jurisdictions and participating organizations.
 Conduct on-going training for PZC, GECC and staff members.
 Continue evaluating stormwater BMP's associated with development proposals.

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

Provide additional staff training for SWPPP review and construction site inspections. Ensure contractors have received required certification training. Continue to require SWPPP's from development exceeding 1 acre disturbance threshold. Continue to require basic sedimentation and erosion control for development projects with less than one acre disturbance. Continue construction inspections.

1. Choose/list each municipal operation/facility that contributes or may potentially contribute Pollutants of Concern to the MS4 system. For each operation/facility indicate whether the operation/facility has been addressed in the MS4's/Coalition's Stormwater Management Program(SWMP) Plan and whether a self-assessment has been performed during the reporting period. A self-assessment is performed to: 1) determine the sources of pollutants potentially generated by the permittee's operations and facilities; 2) evaluate the effectiveness of existing programs and 3) identify the municipal operations and facilities that will be addressed by the pollution prevention and good housekeeping program, if it's not done already.
