Improper conduct or violation of Rules and Regulations by anyone may result in a request to leave the Cemeteries.

Such corrections may include cancelling such conveyance and substituting and conveying in lieu thereof other Rights of Interment or other interment property of equal value and similar location as far as possible, or as may be selected by the Town, or, in the sole discretion of the Town, by refunding the amount of money paid to the Town on account of said conveyance. In the event such error shall involve the interment of the remains of any person in such property, the Town reserves the right to remove or transfer such remains so interred to such other property of equal value and similar location as may be substituted and conveyed in lieu thereof.

3.10 Town Authority: The Superintendent shall have charge of the grounds and property within the Cemeteries and all persons visiting the Cemeteries and the application and enforcement of these Rules and Regulations including, but not limited to, monuments, cremation and urns. Section 4: RIGHT OF INTERMENT.

4.1 General: The Town will issue a Right of Interment ("Right") (right to bury human remains or to bury the ashes of a human being ("cremated remains" or "cremains"), the latter hereinafter referred to as an Inurnment) upon the payment in full of the current price for such rights. Purchase of a Right in no way grants any other rights or privileges to the purchaser, and a right of interment is subject to these Rules and Regulations. No Right shall be used for any purpose other than the burial or the memorializing of the human dead, or the cremains of the human dead. The statement of any employee or agent of the Town, unless confirmed in writing by an authorized representative of the Town shall in no way bind the Town.

4.2 Purchase of Interment: Individuals considering the purchase of a Right of interment should contact the Town's Finance Office at the Gorham Municipal Center. The Finance Office will notify the appropriate official who will assist the individual in making a decision to purchase.

4.3 Payment in Full Required: Complete payment of the purchase price for the Right of interment must be made to the Town before any burial is permitted. No partial payments will be accepted. Upon full payment for the Right of interment, and signing of Grantee Acknowledgement Form, the Town of Gorham will issue an executed document signifying the granting of the Right.

4.4 Right of Interment only: The Grantee is the individual who has purchased the Right of interment, or has inherited the Right from a deceased predecessor Grantee. The Grantee "owns" the right of interment, but does not own real property, just the right to use one or more specific burial sites in the Cemeteries subject to all of the Rules and Regulations as well as applicable laws and ordinances.

4.5 Inheritance: The laws of the state of Maine determine the descent of title to Rights of interment. Heirs must prove their legal inheritance before rights to burial spaces can be reassigned. Upon the death of a Grantee, the heirs or devisees of such person must file with the Town Clerk proof of ownership for the purpose of correcting the record. Notarized statements as to relationship (e.g. Affidavit of Heirs) and certified copies of wills or court decrees (if any) are normally sufficient. The Town shall charge an administrative fee for each descent of title of each burial right.

4.6 Repurchase of Rights: The Town has no obligation to repurchase Right of interment from Grantees.

4.7 Exchange Rights: The Town may, but is not obligated to, allow exchanges of Right of interment for different burial sites within its Cemeteries. The Town shall charge an administrative fee for each exchange of each burial right.

Section 5: CARE OF BURIAL SITES.

5.1 Burial Site and Grave Site: Burial Site is the basic unit of space within the Cemeteries used or intended to be used for the burial of human remains. It is also commonly referred to as a single "grave site".

5.2 Site Boundary: No burial site shall be defined by a fence, railing, hedge, crypt, or enclosure of any description. Boundaries that existed prior to the adoption of this Ordinance around burial sites may be maintained as a boundary by the owners of the interment right, but no one is allowed to add to or replace them.

5.3 Right to Remove: The Town, or their agent/designee have the right to remove all floral designs, vases, urns, decorations, flowers, shrubs, wreaths, plants, and other materials placed in Cemeteries that, in their opinion, become unsightly, dangerous, detrimental, diseased, or that interfere with normal maintenance of Cemeteries.

5.4 Perpetual Care: The general care of the surface conditions of the Cemeteries is the responsibility of the Town and includes cutting of grass, filling in sunken graves, trimming bushes and trees, and raking and cleaning the grounds. Perpetual care does not include, nor does the Town assume any responsibility, for caring for or planting flowers or ornamental plants, or maintaining, repairing or replacing Monuments or Markers or other special work.

Section 6: INTERMENTS AND INURNMENTS.

6.1 Timing: Cemeteries shall be open for interments Monday through Friday from 8 am to 4 pm. There shall be no interments permitted after December 1 through April 1 which may be extended at the discretion of the Town if weather conditions or soil conditions warrant such extension. Interments will not be permitted on Sundays or federal or state holidays. Any service extending beyond the established hours will be subject to an additional fee.

6.2 Notice: Forty-eight (48) hours-notice (not counting Sundays or holidays) must be given to the Town by the funeral or burial service provider prior to all interments.

6.3 Delay: The Town reserves the right to postpone any interment due to weather conditions or other emergency. The Town shall not be responsible or held liable for any costs or damages for any delay in an interment/inurnment due to a written, timely protest to the interment or inurnment by a third party, or where the Rules and Regulations or any law or ordinance has not been met. The Town is under no obligation to recognize any protest of an interment or inurnment unless it is in writing and delivered to the Town.

6.4 Location: When an interment is to be made, the location of such interment shall be designated by the Grantee of the Right of interment or their representative or agent. Should the Grantee or their representative fails or neglects to make such designation, particularly when the Grantee owns rights in multiple burial sites, the Town reserves the right to make or direct the interment in a location designated by the Town. An individual who presents himself or herself as having the authority of the Grantee for this purpose of locating an interment or inurnment shall

certify in writing that they have such authority (e.g., Affidavit of Authority) and accept full responsibility and liability for their actions, and will hold the Town, Superintendent, and Town harmless from any liability, including legal costs, on the account of such authority and disposition.

6.5 Instructions: Prior to the interment or inurnment, Grantees or their heirs or representatives are encouraged to provide the Superintendent a written communication as to the location of the burial. The Town cannot be responsible for a mistake as to the particular space or location in the plot resulting from lack of precise and proper written instructions (for example, mistake caused by any order given by telephone).

6.6 Grave Liners: In order to maintain a high standard of care and to eliminate sunken graves, all burials must be made using rigid and durable outside containers (commonly known as "vaults, grave liners, and concrete boxes) made of natural stone, reinforced concrete, or any similar container approved by the Town. Cremated remains must be interred in a permanent container approved by the Town.

6.7 Limits: No interment of two (2) or more bodies shall be made in one (1) burial site except in the case of a mother or father and a child, or two (2) infants buried in one (1) casket (or two (2) caskets if small enough to fit within the burial space), or two (2) cremated remains, or one (1) full burial and one (1) cremation. All interments of multiple bodies' cremains shall be located and made by the Town. No double depth standard interments will be made.

6.8 Prohibition: Interments and inurnments are to be performed only by the Town or individuals or entities approved by the Town. Grantees and other parties not approved by the Town are specifically prohibited from performing interments or inurnments. The Town will take all reasonable action to rectify any such prohibited burials and seek damages and costs from violators of this rule. The Town will not be responsible for recording the unauthorized burial, including the identity of the deceased.

6.9 Movement of Monuments: Monuments and Markers may have to be moved or removed to gain access to burial sites for purposes on interment or inurnment. The Town will restore the moved items to their initial position as soon as time and weather permit.

6.10 Funeral Directors: All funeral or burial parties entering Cemeteries shall be under the direction of a funeral director licensed by the state of Maine who shall abide by the Rules and Regulations.

6.11 Casket: Once a casket containing a body is within the Cemeteries, it shall not be opened except by a licensed funeral director or his or her assistants or on an order signed by a court of competent jurisdiction.

6.12 Fee: The Town will charge an administrative fee for all interments and inurnments.

Section 7: PLANTS.

7.1 Shrubs: Prior to planting any shrub, approval of the Town must be obtained. Shrubs growing on any burial site may be pruned or removed by the Town or its agents at the discretion of the Town. Generally, no shrubs or trees will be permitted on a single burial site, or at individual Monuments or Markers. Plantings on two (2) abutting burial sites, or larger plots, may be permitted, subject to pre-approval of the Town.

7.2 Removal of plants to gain access: Planted materials may have to be removed to gain access to burial sites. The Town is not responsible for damage or losses resulting from removal of plant material during any interment or inurnment process.

7.3 Landscape: The Town may undertake, to the extent practicable, the pruning of trees and shrubs to preserve the general landscape features of the Cemeteries, but will not undertake to maintain individual plantings, or containers of plants.

7.4 Flowers: Any planting of flowering plants is restricted to non-spreading varieties. Any perennial plantings must be pre-approved by the Town.

Section 8: MONUMENTS AND MARKERS.

8.1 Definitions: Monument shall mean any above grade level burial site identification object made of stone or stone and bronze. Marker (also commonly called "headstones" or "flush markers or memorials") shall mean any grade level burial site identification object made of stone or stone and bronze.

8.2 Location and Construction: The location of all Monuments and Markers shall be determined and marked out by the Town. The Grantee has no authority, either specific or implied, to locate or mark out the Monument or Marker by himself or herself or to cause his or her agent to do so. The Grantee is responsible for any and all costs incurred for remedying any error in their locating a Monument or Marker independently of the Town. All Monuments must have a foundation as specified by the Town. All foundations for Monuments shall be not less than four (4) feet in depth. The Town does not assume any responsibility for the proper construction of foundations or setting of Monuments or Markers.

8.3 Single Burial Site: A single burial site shall have no more than one (1) Monument and no more than two (2) Markers. The foundation base on a single burial site generally shall be no wider than thirty-two (32) inches. At the discretion of the Town, a Monument or Marker may have a base size of up to seventy-five percent (75%) of the width of the burial space.

8.4 Multiple Burial Sites: Multiple burial sites that abut each other may have a larger Monument than a single burial site, if approved in advance. The Town has authority to approve applications for such Monuments.

8.5 Repair: Monuments and Markers that are placed in the cemeteries remain the property of the Grantee or party purchasing them. Monuments and Markers erected by Grantees shall be maintained in a safe condition by the Grantee (including heirs and assigns), and the repair and replacement of same, after damage from any cause, shall be at the expense of the Grantee.

Notwithstanding the primary maintenance responsibility of the Grantee, the Town may, at its sole discretion, take appropriate steps to resolve safety concerns.

8.6 Installation: Monuments and Markers may not be installed until all relevant fees and expenses have been paid. The Town must approve, in advance, all installations.

8.7 Temporary Markers: Temporary Markers may remain on a burial site for up to 120 days of an interment or inurnment. The Town may remove such markers at the end of this period if the Grantee fails to do so. If a Monument or Marker is on order by the end of the 120-day period, the Town will allow the Temporary Marker to remain until the Monument or Marker is installed.

Section 9: DISINTERMENTS.

9.1 Law: Disinterment's are governed by State statute, Title 22 MRSA Section 2843 as may be amended from time to time. A permit for disinterment or removal of a dead human body must be obtained from the Town Clerk of the Town of Gorham.

9.2 Fee: Cost of the disinterment shall be the responsibility of the party causing or seeking the disinterment. The Town may charge a fee to reasonably cover administrative, labor and equipment costs.

9.3 Opening: The Town will allow and observe the opening of a grave upon showing, to the Superintendent's satisfaction, of requisite identification, authorization documentation and permit. In all disinterment cases, the responsibility of the Town shall be limited to identifying the grave only and the actual disinterment must be made by the person authorized to do so.

It is of the utmost importance that there should be a strict observance of the proprieties in the cemetery. The discharge of firearms or fireworks therein are strictly prohibited. This is not to be construed as prohibiting ceremonial volleys with blank charges by properly supervised honor guards as a tribute to a deceased person if such ceremonial undertaking has been previously scheduled with the Town.
