The assessors reviewed overlay accounts for Fiscal Years 2004 and 2005 for possible excess balances that can be transferred to overlay surplus. The tax collector and financial coordinator provided amounts still due on each of these years and verified overlay balances. FY 2004 has an overlay balance of \$14,496.60 and FY 2005 has \$81,365.09.

Vote: Robert Guidi to release \$14,000 from FY2004 and \$72,533 from FY2005 overlays

The assessors have stated that they would like in the future to have some monies from the overlay surplus account to be used for replacing the assessors' current appraisal software program and for retaining the services of an outside firm to do a complete listing of businesses for personal property.
