FINANCE COMMITTEE

PRESENT: BUD ATWOOD
TOM BLAUVELT
LEIGH DAVIS
SHARON GREGORY
MICHAEL WISE

- 1. CALL TO ORDER:** Deb Phillips called the Selectboard meeting to order at 6:00 PM.
Sharon Gregory called the Finance Committee meeting to order at 6:00 PM

- 2. RESERVE FUND TRANSFER FOR HIGHWAY OVERTIME**

Jennifer Tabakin explained that there was a bad storm on the July 4th weekend. There was a lot of overtime needed for cleanup work. The Town Manager asked for a transfer of funds. She explained that this may be temporary transfer since the town has applied for emergency funds for this as well.

Joe Sokul said that \$1500 was spent in overtime for that day alone. Joe explained that Labor Day is also an overtime holiday. Money will still be needed for future trash pick-up. \$2600 was requested.

Bud Atwood asked if the overtime line item has been expended.

Jennifer Tabakin replied yes.

Joe Sokul added that the line item for the Highway Department was reduced this year.

Bud Atwood expressed his concern with transferring money this early in the year. He asked if the Selectboard could transfer this money from any other place.

Lauren Sartori replied that she has looked and there is no other place to take it from.

MOTION: Michael Wise to approve the transfer for highway overtime

SECOND: Leigh Davis

VOTE: 4-1 Bud Atwood against

Bud Atwood said we should find another place to transfer the money from.

- 3. DISCUSS FY 16 BUDGET POLICY**

Jennifer Tabakin presented the budget policy using hand-outs and power point presentation.

The main topics were:

1. General Fund
2. Enterprise Fund

3. Capital Projects

Jennifer explained the budget planning process.

Deb Phillips requested broad dates for when each part of these processes happens. Jennifer said that she has these dates and will communicate them.

Jennifer spoke about the importance of community engagement in the budget process. The budget books will be available at Mason Library and Town Hall. Open hearings and meeting will be held to aid in this process.

The budget financial statements that are used were listed.

Sharon Gregory spoke about the estimated revenue statement. She asked for a history of the estimated revenues and also would like the revenues detailed in this area; including any expected revenues.

Michael Wise would like items put together such as all the items involved in the Fire Department put together, i.e. trucks, salaries, etc.

Jennifer Tabakin explained the Capital Budget Report. She said that the Capital Plan should facilitate the implementation of the Master Plan.

Sharon Gregory asked if it would be possible to have an overall Capital Budget report that could break out our portion of the capital expenditures/ debt service to the school district.

The Town Manager responded that these discussions could take place during the school meetings.

Jennifer Tabakin presented the Enterprise Fund report. She said that this is self-supporting and is based on fees paid by the sewer users.

Sharon Gregory asked for a 5 year history of the categories in “identification of available sources” in order to make trend lines. Sharon also pointed to local fees/revenues and asked that they be broken down more and compared to other towns.

Jennifer Tabakin spoke about strategic priorities and reminded all to make decisions about where we want our town to go. (Safety, quality of life, strong local economy, public health, etc.).

She added that it is also important to look at affordability.

Michael Wise suggested that the Town Manager flag the possibility of transition costs. In this way, if there is a change in policy about exemptions and split tax rate, which will make things more difficult for the Town Assessor at the onset, it would be prudent to put in the extra work now.

Sharon Gregory suggested putting ‘PILOT’ under the tax heading.

Tom Blauvelt asked if the debt amount can be restricted; stating that our Town’s debt should not exceed 50% of the town plus our share of the school district.

Lauren Sartori replied that this would be above the current policy and we would not be able to borrow what we have borrowed. She stated that we are at \$30 million now, so to restrict it will cut it too close to state limits.

Jennifer presented a new category called “new needs.” A department will have to submit a request for expanded services or new needs which must include a report with details about this ‘need.’

Sharon Gregory spoke in reference to benefits and liabilities and requested that a thorough analysis of what our responsibilities are, projecting out 5 years be included.

Sharon Gregory also asked that the school budget indicate Great Barrington’s portion (not just the district number).

Deb Phillips said that this would be a request for Peter Dillon.
