

# Community Master Plan

## Great Barrington, MA

The Great Barrington Master Plan Committee invites you to participate in planning our town. Come to a workshop in your neighborhood, learn about the master plan, share your vision for our town and your neighborhood, and collaborate with your friends and neighbors.

Over the course of October and November 2011, a workshop will be held in every neighborhood in town. Check the map and schedule below for your neighborhood. The schedule will be updated as needed.

See you then!
