## Meeting Minutes

December 5, 2016, 6:30 pm

- Capt. Borden plans to build a rack for the air bottles.
- It looks like the old bottles may not be worth testing due to their age.
- Dave Simmons asked about Hep B shots. We will do this next year.
- Tyler wanted to know if there is a Delta Echo call, can the bunk-ins go if an officer is enroute? Capt. Lange answered yes and that he'll catch up. All that is needed is for one qualified person to be on the call. Also, it would be beneficial to everyone if the location was repeated on the air.
- Capt. Lange thanked Lieut. Batty for all his work on Tempis.
- Capt. Lange mentioned that he ordered a new type of bandage recommended by Tyler Chilelli. Tyler explained that these bandages are easier and put automatically put pressure on the wound when applied. Chief Hall asked if they are expensive and the answer was that they are not.
- EMD Martin purchased a new flat screen TV plus a basic satellite pkg for EOC use but it will also work for training. The old TV will be disposed of and Dennis Filipetti will supply a computer (free) for the internet to also help with training.
- Chief Hall said that there are a number of maintenance items that have been ordered and will be coming in soon.
- There will be a thermal unit on each truck going forward. Capt. Babb asked about mounting a spare battery in the trucks. No action at this time.
- Dave Simmons asked if the trucks could be re-arranged so that they are facing doors rather than being in line. The answer was yes we can.
- EMD Martin asked about getting binoculars. This is required for Hazmat.
- EMD Martin asked about retiring some of the trophies to make space for other things.
- Jaws – There is a chance that we might be able to get a pair soon. Ours do not have blades that work and the ones we borrowed must be returned. Dave Simmons wanted to know which truck they should be on. There was some discussion on this and the decision was Engine 3.
- Tom Ball arrived to measure for new turn-out gear and boots for some members.
