

PERENNIAL GARDEN THE ORGANIC WAY

Saturday, May 9 at 10 am in the Wensberg Room

Learn how to “Perennial Garden the Organic way!” with Kim Stevens, owner of Kim’s Perennials in Wilton. Kim will talk about organic perennial gardening including weeding, fertilizing, dividing and low maintenance by choosing the right plant for the right place.

We will have a Mother's day activity for kids ages 4 and up, upstairs at the same time so parents can attend this talk while their children are busy with library staff in the Children's Room.

**Kim has donated a beautiful plant
as a door prize!**
