Vote at the CONVAL BUDGET DELIBERATIVE MEETING Thursday, February 6, 2014 (rescheduled from the 5th) 7pm – ConVal School Gym - Peterborough

The new 2014 ConVal proposed operating budget and warrant articles would be an increase of 2.7% overall (last year's was 2.5%). If the default operating budget is used in conjunction with the warrant articles, the increase would be 1.7%.

The 2014 operating budget is up by \$770,961. The additional warrant articles come to \$440,769. Added together, the figure comes to **\$1,211,730**.

It should also be noted that this is with declining enrollment.

The only way that warrant articles can be changed is to come to the deliberative budget meeting on February 5th. Once the amount is set at the meeting, the warrant articles will appear on the ballot at the polls on March 11th.

The Selectmen's Advisory Committee, with Selectmen from all nine towns, voted unanimously not to support the proposed Conval Budget or the Warrant Articles for the CVHS running track, CVHS parking lot, and SMS exit road.

Those who come and vote control the outcome.
