

MASSDOT TEMPORARY CONSTRUCTION EASEMENTS

Representatives of MassDOT will discuss temporary construction easements for the Route 9 widening project. There are 5 affected town-town properties:

Town Hall

Goodwin Memorial Library

Russell School

Ball Field

School Administration Building.

**Signal and Intersection Improvements
Route 9 & Route 47
Hadley, Massachusetts**

MassDOT Project No. 604035

I hereby certify that the following conditions will be met for the referenced project in regards to the project's temporary construction impacts located in the immediate vicinity of TE-15):

1. Duration (of the occupancy of TE-15) will be temporary, i.e., less than the time needed for construction of the project, and there will be no change in ownership of the land;
2. The scope of the work is minor, i.e., both the nature and the magnitude of the changes to the 4(f) resource are minimal;
3. There is no anticipated permanent adverse physical impacts, nor will there be interference with the activities or purpose of the resource, on either a temporary or permanent basis;
4. The land being used will be fully restored, i.e., the resource will be returned to a condition which is at least as good as that which existed prior to the project;
5. The signatory below, identified as the "official having jurisdiction" is in agreement regarding the above-mentioned conditions.

Town of Hadley**

Date

**Official having jurisdiction over the property. (i.e. department who owns, maintains and/or operates the property)
