 - 1.** John DeLano stated there are wells there, but the areas outside Zone II, would be okay but the limited space would probably necessitate small treatment systems for 2, 3 and/or 4 homes.
 - a.** Suzanne stated the ASC would watch out for land the town might be selling. They will watch for options to buy land not owned by the town, and also look further into a donation of use of any land that might fit the criteria needed for a treatment facility.
