

**Conservation Commission  
Meeting minutes of  
October 17, 2018**

**PRESENT:** David Treat, Paul Carideo, Bill Guest, Neil Reardon and Steve Ungerer

Mr. Treat called the meeting to order at 7PM

**Minutes**

Mr. Treat made a motion to accept the meeting minutes of September 19, 2018, Mr. Guest seconded the motion. The motion passed 5-0.

**Planning Board update**

Paul Carideo provided an update for the Commission regarding the PB updates. There was a discussion concerning the conservation land on Main Street and a resident on that road who is without water.

RPC will be providing an informational session to the PB concerning the requirements of the stormwater management (MS4) for 2019. Permits will also be required when 10K sq. ft. of disturbance takes place on a site. This is more stringent than the previous requirements. The ZBA recently allowed a number of variances for a commercial property with no treatment into the wetlands.

Mr. Reardon made a motion to adjourn. Mr. Treat seconded the motion. The motion passed unanimously.

The meeting ended at 7:30 PM. The next regularly scheduled meeting is November 14, 2018.

Respectfully Submitted,  
Sally Theriault, AA Town of Hampstead
