

HAMPSTEAD PLANNING BOARD

11 Main Street, Hampstead, New Hampshire 03841-2033

AGENDA Workshop August 21, 2017

Planning Board Matters

1. AxisGIS – Franco Rossi

Product Overview (Wording taken from AxisGIS Proposal)

AxisGIS is an Internet-based service for communities and businesses that want to publish their GIS online. AxisGIS is a cost-effective option to distribute GIS data and utility to multiple staff in multiple physical locations as well as to the general public. AxisGIS is developed on JavaScript / HTML5 technology which results in a responsive user interface that is cross browser compatible and functional in a mobile environment.

AxisGIS is helping communities publish their parcel data online, enabling homeowners and real estate professionals to print maps from their own computers, supporting economic development projects, providing a platform for police and school collaboration, and creating a connection between local government, businesses, and communities.
