New Business:

David from SELT talked about a potential addition to the Apple Crest Conservation easement. There is about 14 acres of land that the Farm would consider putting into a conservation easement. SELT is researching the possibility of NCRS funds being available for the project. SELT will continue to research what NCRS would require to participate in this easement. SELT will reconnect with the commission when they have more information.

The commission received its annual dues for membership in the NH Association of Conservation Commissions.

Motion: To pay our annual dues of \$296 for membership in the NH Association of Conservation Commissions 1st N. Roka 2nd J. Kibler all in favor. 5-0

Old Business:

1. J. Kibler is planning to write a nice article about the Marsh LN property to be placed in the Hampton Falls Magazine. He will reach out to Traci Beattie for information about how the purchase and easement occurred on that property.

2. Update of Toppan Ln, Brady Property & Schrempf property. David had nothing to report on any of these projects. J. Kibler has contacted the realtor to discuss a possible purchase of the property. The current owner expressed interest in having a conversation. The owner hoped that the town might consider purchasing the remainder of the property.

3. Eagle Scout Project by Josh Hemond: The Project is complete and Josh and BSA Troop #377 has decided to donate the remainder of the money from the project to the Conservation Fund. The sum of \$503.18 will be deposited into the Hampton Falls Conservation fund.. The Conservation Commission was quite surprised and pleased with the very generous donation. Thank you to Troop #377 and Josh Hemond.
