New Business

1. Chief Dirsa brought the paperwork for the NH Highway Safety Grant program. He explained that the grant would be used for DWI overtime patrols, speed enforcement patrols and possibly a speed/sign board. The grant is a 50/50 matching grant with a maximum amount of \$6,000 and can only be applied for by towns that have an active Highway Safety Committee. The members present voted unanimously to support the grant request and filled out the paperwork.
2. Delineation markers for Parsonage Road at Exeter Road were discussed. Dick Robinson will installing them to keep drivers on the road and off the shoulder to prevent damage to the sides of the road.
3. A request from a Depot Road resident with children had been emailed to the Selectmen's then forwarded to us. The concern was the speed at which vehicles are being driven on Depot and if a "SLOW CHILDREN" sign could be put up. Chief Dirsa said he would increase patrols in the area to monitor the situation before a new sign was put up. Dick Robinson will also check to see what is in stock at the town shed for signs.
