New Business

Situation 1: A request was sent to the Town Administrator then forwarded it to HSC to request a 'Blind Driveway' sign for 160 Drinkwater Road prior to the curve headed toward Hampton Falls from Kensington near the intersections of King / Drinkwater / Blake's Ln.

Recommendation: After a discussion the HSC agrees that it would recommend the request to the Board of Selectmen for final approval.

Situation 2: A request was passed along to the HSC from a citizen living on Toppan Lane to request a speed limit sign on Brown Road.

Recommendation: Upon investigation there are already three 30 MPH signs on Brown road – no other signage is needed at this time.
