Called to order at 7:30 pm

The Commission discussed the upcoming PlanNH Charrette scheduled for early November. The Commission's overall goal is to receive assistance in developing design standards for this key entrance to the Town. There is also interest in pursuing options for more intensive redevelopment of some of the underutilized parcels in the West Wheelock corridor, with an eye toward facilitating the development of denser affordable housing along the street, which is within walking distance of the campus.

Town Manager Julia Griffin updated the Commission on several pending pieces of property which could be made available for the development of affordable housing, including several properties which were eligible for tax deeding by late July.

Meeting adjourned at 8:46 pm. The next meeting is at 7:30 PM on July 18, 2013.

Respectfully submitted  
Julia Griffin
