

CONSERVATION COMMISSION
8 August 2016 at 3:00 PM
11 Mulherrin Farm Road

In attendance:

Members: Ed Chamberlain (Chair), Jim Kennedy

Others: Vicki Smith, Roger and Kimberly Lohr, Audra Klumb, Chris Leister

1. Site Visit for Septic System Replacement 11 Mulherrin Farm Road

Audra Klumb and Chris Leister described the proposed septic system and drainage line extension replacement. The leach field and septic tank must be installed closer to the wetland than the zoning ordinance setbacks would otherwise allow.

The Commission noted wetlands on both sides of the water resource areas and that there was no place to locate the septic system or drain extension that would conform to the ordinance.

The Commission noted that the drain line is a permanent impact as shown on the revised plan.

The Commission will meet to discuss recommendations to the zoning board on August 10 at 6:30 PM.

2. Other Business

None

3. Adjournment: The meeting adjourned at 3:30 PM.

Respectfully Submitted,

Vicki Smith, Scribe
