**P2013-28 Submission of Application for Minor Project Review by the Trustees of Dartmouth College to install a 12'x6' wooden enclosure to screen trash containers at 5 South Park Street, Tax Map 34, Lot 87, in the "I" zoning district.**

Tim McNamara explained that trash is currently stored in the basement. There are five tenants in the building so a dumpster is too large. Instead, he proposes to construct a 6' x 12' enclosure with a gate in which to store garbage totes. The gate will be locked to allow only tenants and the trash removal service access to the totes. The enclosure will be white clapboard. Tenants can carry their trash to the enclosure on the way to their parking space.

This is a minor project as described in Section VI C 1b3- addition of and changes to waste receptacles not exempted by VIB2c. Roger Bradley made a motion that the Committee find that the application is complete and conforms with standards set forth in Article IX. William Desch seconded the motion and it was unanimously approved. William Desch made a motion to approve the application. Don Ware seconded the motion to approve the application and it was unanimously approved.

**ADJOURN:** The meeting adjourned at 1:43 PM.

Respectfully submitted,  
Vicki Smith, Chair & Scribe
