The article has been submitted, written and is on the warrant for Town Meeting in April. The Town Administrator stated that the Finance Committee has recommended the article. The Board is considering providing a handout at TM with some information for the voters.

There was a discussion on some of the questions that might arise at TM. Lorin Johnson informed us that he has spoken with Dr. Teleford of Central Mass Mosquito Control. The Board believes this is a good beginning measure toward mosquito control.

Tom Philippou will write up information on mosquito-borne illnesses for a handout.
