

Community Preservation Committee  
November 19, 2013

Present: Deb Ricci, Didi Chadran, John Martin, Joe Hutchinson, Beth Williams, Deb Thomson, Joanne Ward, Joe Schmidt

Guests: Laura Anderson, Connie Larrabee, Bruce Doulimont

The meeting convened at 7:40 pm. The minutes from October 15<sup>th</sup> were approved as amended. Connie Larrabee presented the five grant requests from the Hildreth House Building Committee. There was lengthy discussion of the grants and their relationship to the larger building project. Connie said that restoring the windows was their first priority. They could be done without the larger project going forward and were leaky and in poor condition. They could not do the lift or the bathroom independent of the larger project. The accessible sink could be done as part of the larger kitchen renovation. The porch restoration could be done without the larger project although it would require some redesign. Connie handed out a detailed list of line item expenditures for the larger project. She said that they would proceed with the plan regardless of the CPC awarding them grants.

The meeting adjourned at 8:40 pm.
