Town of Harvard Energy Advisory Committee

BRIAN SMITH - CHAIR ERIC BROADBENT - VICE CHAIR JIM ELKIND DAVID FAY

ASSOCIATE MEMBERS:

LIAISONS:

MATT COKE FORREST HODGKINS

TIM CLARK, BOARD OF SELECTMEN BOB SULLEBARGER, SCHOOL COMMITTEE KEITH CHEVERALLS, CAPITAL PLANNING ALAN FRAZER, FINANCE COMMITTEE

Meeting Minutes 12/12/12

Attendees: B. Smith, J. Elkind, D. Fay. F. Hodgkins, M. Coke Steve Matson (Guest), Bob Sullebarger Location: Old Library 8 PM

Business pending the reference check. All references were favorable a. Steve M. contacted Alicia Hunt, Medford Energy Efficient gave them very high marks reports that pretty much e with Guardian, and she likes Chip's (Goudreau) flexibility in to do what needs doing." b. Jim E. contacted Chris Oriel, Berlin Energy Committee - Guardian Energy. He said that Guardian has just complexereral buildings" c. Forrest H. contacted Greg Lefter, Maynard Facilities & G "couldn't have asked for a better company to do this were best groups we have dealt with. The first audit by Guardian is the Bromfield House, schedule School a. HES Solar Panels on Gym Roof – Ostrow submitted the confirm if the Data Acquisition hookup is complete. Trai page connection to be coordinated. Updates b. Capital Projects FY14 – HES Building Automation Syste investigated the savings for the recommended project of the payback is excessively long and therefore HEAC ha this project to CPIC and the School Committee. c. Note that the MEI energy data for the Bromfield School missing gas account and that the energy data report will Gree report was submitted on Dec 9. Brian received several Station boiler project hat he will answer within a week. b. DOER Lighting Project – Steve and David have been we advantage of free energy efficient lighting available to Traserve basis. They surveyed existing lighting and identifir replaced with LED and T8 28W. They are evaluating willighting removed. Other Items	eting Discussion/Status

School Energy Project Updatesa.HES Solar Panels on Gym Roof – Ostrow submitted the confirm if the Data Acquisition hookup is complete. Trai page connection to be coordinated.Updatesb.Capital Projects FY14 – HES Building Automation Syste investigated the savings for the recommended project of the payback is excessively long and therefore HEAC ha this project to CPIC and the School Committee. c.Town Energy Project Updatesa.Green Community Grants Projects – The Green Commu extended by DOER to May 2013. The revised final Gree report was submitted on Dec 9. Brian received several of Station boiler project – Steve and David have been we advantage of free energy efficient lighting available to To serve basis. They surveyed existing lighting and identifi replaced with LED and T8 28W. They are evaluating wi lighting removed.Other Itemsa.PPA Subgroup – Jim is leading this subgroup with Steve and Andrew Thomas. Jim, Steve and Malcolm met with Solterra, on 12/11. Jim made a motion to recommend to that the Town issue an RFP to obtain proposals for Net Agreements from solar developers as a method to achie savings. The RFP would test the Town's interest and pr proposals in a structured process. There are RFP temp towns and DOER. HEAC voted unanimously 3-0 to acc	Jim E. contacted Chris Oriel, Berlin Energy Committee – "Chris spoke highly of Guardian Energy. He said that Guardian has just completed energy audits for several buildings" Forrest H. contacted Greg Lefter, Maynard Facilities & Green Communities Chair – "couldn't have asked for a better company to do this work. they are one of the best groups we have dealt with.
 Energy Project Updates b. Capital Projects FY14 – HES Building Automation System investigated the savings for the recommended project of the payback is excessively long and therefore HEAC hat this project to CPIC and the School Committee. c. Note that the MEI energy data for the Bromfield School 1 missing gas account and that the energy data report will Town a. Green Community Grants Projects – The Green Commu- extended by DOER to May 2013. The revised final Gree report was submitted on Dec 9. Brian received several of Station boiler project – Steve and David have been we advantage of free energy efficient lighting available to To serve basis. They surveyed existing lighting and identifit replaced with LED and T8 28W. They are evaluating with Solterra, on 12/11. Jim made a motion to recommend to that the Town issue an RFP to obtain proposals for Net Agreements from solar developers as a method to achies savings. The RFP would test the Town's interest and proposals in a structured process. There are RFP temp towns and DOER. HEAC voted unanimously 3-0 to acc 	
UpdatesStation boiler project that he will answer within a week.b.DOER Lighting Project – Steve and David have been were advantage of free energy efficient lighting available to Tesserve basis. They surveyed existing lighting and identifing replaced with LED and T8 28W. They are evaluating were lighting removed.Other Itemsa.PPA Subgroup – Jim is leading this subgroup with Steve and Andrew Thomas. Jim, Steve and Malcolm met with Solterra, on 12/11. Jim made a motion to recommend to that the Town issue an RFP to obtain proposals for Net Agreements from solar developers as a method to achies savings. The RFP would test the Town's interest and proposals in a structured process. There are RFP temp towns and DOER. HEAC voted unanimously 3-0 to acc	confirm if the Data Acquisition hookup is complete. Training for staff and web page connection to be coordinated. Capital Projects FY14 – HES Building Automation System expansion – Jim investigated the savings for the recommended project options and determined that the payback is excessively long and therefore HEAC has rescinded recommending this project to CPIC and the School Committee. Note that the MEI energy data for the Bromfield School was updated due to a missing gas account and that the energy data report will be updated accordingly. Green Community Grants Projects – The Green Community program contract was extended by DOER to May 2013. The revised final Green Community annual
and Andrew Thomas. Jim, Steve and Malcolm met with Solterra, on 12/11. Jim made a motion to recommend to that the Town issue an RFP to obtain proposals for Net Agreements from solar developers as a method to achies savings. The RFP would test the Town's interest and pr proposals in a structured process. There are RFP temp towns and DOER. HEAC voted unanimously 3-0 to acc	Station boiler project that he will answer within a week. DOER Lighting Project – Steve and David have been working diligently to take advantage of free energy efficient lighting available to Towns on a first-come first- serve basis. They surveyed existing lighting and identified 300 bulbs to be replaced with LED and T8 28W. They are evaluating what to do with the working lighting removed.
b. There is no meeting scheduled for Dec 26.	PPA Subgroup – Jim is leading this subgroup with Steve Matson, Malcolm Carley and Andrew Thomas. Jim, Steve and Malcolm met with one solar developer, Solterra, on 12/11. Jim made a motion to recommend to the Board of Selectmen that the Town issue an RFP to obtain proposals for Net Metering Credit Purchase Agreements from solar developers as a method to achieve significant electric cost savings. The RFP would test the Town's interest and proceed in evaluating proposals in a structured process. There are RFP templates available from other towns and DOER. HEAC voted unanimously 3-0 to accept and approve this motion.
