

MINUTES
Town Center Wastewater Policy Committee

Meeting Date: May 17, 2010 @ 7:30pm

Meeting Location: Old Library

Attendees: Kyle Hedrick, Scott Hayward (Chair), Jeff Ritter, Billy Salter, Pat Jennings, Marie Fagan. Others: Chris Ashley; Wayne Percy of Norfolk Ram

- Chair opened meeting 7:36, no minutes to approve.
- Discussion of draft sections of sewer policy provided by committee members.
- Questions arose regarding whether the committee had an authoritative map of the sewer district and an up-to-date list of properties in the district. Chris Ashley and Wayne Percy dropped in on the meeting, and provided information regarding these issues and others.
- Wayne Percy noted that sewer charges are based on water usage, and metered by a water meter (if the property is on a well, the well gets metered).
- Several assignments were taken on for next time: Pat Jennings will look into liability issues further; Jell Ritter will draft short mission statement.
- Someone left their insulated “Cuisinart” coffee mug—Marie has it and will bring to the next meeting or you can come by 21 Still River Rd and pick it up.

Meeting adjourned at 9:50pm. Next meeting on May 24 @ 7:30pm in old library--
Committee will meet weekly for the next month or so to meet the June 30 deadline for draft sewer policy.
