

HARVARD WATER SYSTEMS STUDY COMMITTEE
MINUTES
Wednesday, May 20, 2015
Hapgood Meeting Room

Present

Committee Members: Kyle Hedrick; Carrie Fraser; Jack Guswa

Others: Paige O'Brien

This meeting was called to order by Mr. Hedrick at 8:49 a.m.

Welcome New Members

Mr. Hedrick welcomed Ms. Fraser and Mr. Guswa to the group and shared the history of the Committee's evolution. He stated that Wells 2 + 5 currently meet the Town Center's current requirement; but a salt intrusion in #2 and pumping restrictions on #5 are cause for concern and a focus on long range strategic plan.

Presentation of the Selectmen's Charge

Mr. Hedrick made available to the group the Revised Charge to the Water System Study Committee.

Description for Tasks at Hand

1. Existing water district – replacing the back-up supply; one well to meet daily requirement as opposed to several adding up to meet need; there is a need for acreage to deliver the necessary quantity of water; a *deliverable* is a model for best location
 2. Quantify Devens opportunity – is there an expiration?
 3. Meeting long range needs;
 4. Consider future potential beyond current district;
- Action – Ms. Frasier to find out the school's long term plan as it relates to water usage

Mr. Hedrick made a motion to adjourn at 9:40 a.m.

Next meeting will be Wednesday, May 27, 2015 at 8:45 in the Hapgood Meeting Room.
