3. Review of General Contractor bids - We received two bids (Mill City and O'Conner). John will prepare a project cost sheet showing the bid results and a revised project budget based on the results. This will be used to determine the amount of additional funds needed.
4. Other Business - The BoS has to schedule an STM before Oct. 25 for other purposes. There would be a warrant article requesting addition funds. A ballot question is likely needed. The earliest that we could have an election would be Nov. 5.
