

Hooksett Cemetery Commission
July 19, 2006
Head's Cemetery

Members Present: Wallace Emerson, Chairman, Tina Paquette, Joanne Burwell

The purpose of this meeting was for Wally to explain how a cemetery plot is chosen. He went through the steps via his handouts on "Procedure for Purchasing Burial Space".

Wally explained to Joanne and Tina how his map markings match up with the actual cemetery plot. However, Martin's Cemetery gets a number and color therefore the plot must be looked up on the computer printout or on the computer.

The meeting lasted about an hour and was very informative.

Respectfully submitted,

Tina M. Paquette
Recording Secretary
