Appointments:

SNHU – Wetland Crossing – Jeff Kevan TF Moran

Jeff Kevan, TF Moran – We did a site walk at the proposed site with members of both the ZBA and your commission. We have proposed a wetlands crossing in this area in 2002 and were approved but it has since expired. So we are applying again. We will be impacting 4880 feet of wetlands. We will be doing the crossing at the narrowest point of the wetlands with 2 36 inch pipes. Last time I was here I was asked about the wildlife corridor after having Peter Schauer from Schauer Environmental do a study it was found that although there is wildlife it does not constitute a corridor. The animals would have to cross the highway in order to make it one.

Cindy Robertson motioned to write a letter of support for the wetlands application and ZBA. John Turbyne seconded, Jim Walter abstained. 4 yeas motioned passes

1266 Smyth Road – Special Exception Wetlands Buffer – Don Duval, Duval Surveying

Don Duval – I just wanted to come in and just let you know what had progressed from the last time I was here. This is for 5 lots that will be on Prescott Heights. This will not impact the wetlands but we will impact a small portion of the buffer area. This will only be for a driveway and not a building. They owners want to build a new house so they decided to subdivide there land in order to do so.

Jim Walter motioned the commission has no issues with the wetlands buffer being impacted. Seconded by Cindy Robertson voted unanimously
