

**HOOKSETT BOARD OF ELECTIONS...January 29, 2014**  
**MINUTES**

---

**Attendance:** Supervisors of Checklist, Mike Horne, Bob Ehlers and Sally Humphries; Town Clerk, Todd Rainier, Deputy Town Clerk Billie Hebert; School District Moderator, Becky Burk; School District Clerk Lee Ann Moynihan Moderator Don Riley.

**I. Call to Order:** Don Riley at 6:00 PM

**II. Minutes:** Minutes of February 06, 2013. Motion by Mike, 2<sup>nd</sup> by Sally to approve as written. Unanimous to accept.

**III. Old Business:** No old business to discuss

**IV. New Business:**

A. School/Town Election:

1. Timeline. Timelines all set. One petition Article for School District Warrant received and vetted by Supervisors of Checklist. 25 registered voter signatures required and this petition exceeded that minimum number.

2. Voter ID / Registration

- a. Photo ID's not required for Deliberative Sessions. RSA for enabling Photo ID for elections does not address the Deliberative Sessions.
- b. Same Day Voter Registration is required at elections where Absentee Ballots are processed – this does not occur at Deliberative Sessions. Hooksett Supervisors of Checklist have registered voters at Deliberative Sessions in the past and with proper posting, may decide to continue.
- c. Overflow Plan: Generally, seating for 200 is arranged for the Deliberative Sessions. Room can hold more than that, but exact capacity is not known. Alternative is the Gymnasium.
- d. Audio: During 2013 Town Deliberative Session, several audio interruptions occurred. David Ross, in attendance, was able to resolve. Becky Berk indicated she would be meeting with the School Board and would raise the issue with them. Don will raise the same issue with the Town Council prior to the Town Deliberative Meeting.

B. Other New Business:

1. Electronic Overhead Presentation Capability: Brief discussion regarding this capability. No conclusions, other than, if specific request is made and School and/or Town has the capability, this capability probably should be made available at the Deliberative Sessions. Its use during the meeting raises an unprecedented issue and this meeting's discussion did not set forth criteria.

**V. Future Meetings:** None scheduled at this time.

**VI. Adjournment:** Declared adjourned at 6:35 PM.
