Mike Horne
Kathy Northup
Pinnacle Pond Planning Committee

Thank you for attending the Commissioners meeting of May 31, 2011. Present at the meeting were: Chairman/Cliff Jones, Commissioners: Michael Jache, James Lyons, Leo Hebert, and Anthony Amato, Treasurer/Andrew Felch and Office Manager/Clerk Nancy Philibotte. This is a summary of the meeting that evening.

Mike Horne gave the Committee a copy of the map of the proposed site for potential development of the Pinnacle. He relayed that it is in the beginning stages and would like input and discussion with the Hooksett Village Water Board of Commissioners. He explained that there was a previous meeting @ the Hooksett Library and a walk of the site. There are ideas/thoughts of potential parking lot, walking trails, a picnic area, bathroom facilities, etc. Again, this is all in the beginning stages and they are looking for input.

The concerns of the Board of Commissioners were:

Mike Jache- Vandalism-Would more people concentrated in that area bring a higher potential for even **more** vandalism to HVWP property. HVWP has had numerous vandalism problems around that site in the past. There are signs posted now and fencing and that did not deter vandalism. Would more signs and fencing have to be put in place? Would that even help?

Tony Amato- Roads absolutely have to be kept free and clear 24/7 for access by HVWP vehicles- No exceptions. Also concern of the 400 ft radius around the wells for contamination

Cliff Jones- Concern of the 400 ft radius

In closing Chairman Cliff Jones asked that the Planning Committee submit proposed plans for further review and discussion.

Nancy Philibotte/Office Manager
