

Recycling and Transfer Advisory Committee  
Minutes of Meeting  
1/28/14

Members present:

Jim Levesque, Ray Bonney, Richard Bairam (Chairperson), Bob Schroeder, Sean McDonald

Absent:

Merrill Johnson, Bob Worrell

The meeting began at 6:30. Turk motioned to accept the minutes from October 29<sup>th</sup>, 2013.

The motion was second by Ray. All in favor. There was no meeting on November 26<sup>th</sup>. Diane needed to attend the CIP. The December meeting was canceled due to the holiday.

Diane told the Committee that we are presently paying \$15.00 per ton for the single stream recycling. The rate went up an additional \$5.00 from \$10.00 to \$15.00.

The Committee discussed the budget. Diane explained that the request was \$14,000 less than last year. There was a request for more money in the vehicle maintenance. The new trucks do use more fluids because of the new emissions rules.

The Committee discussed the CIP. Diane is requesting a new, smaller automated truck. It would help with backup and double holiday collection. The older trucks are needing more repairs.

There was a discussion on Earth Day. Diane would like to hold Earth Day on 4/26/14. The weekend before was Easter. She is looking for ideas for the event.
