

## Recycling and Transfer Advisory Committee

Minutes of Meeting 5/27/14

Members present:

Richard Bairam (Turk); Committee Chair, Sean McDonald, Bob Worrell, Jim Levesque

Absent: Bob Schroeder, Merrill Johnson, Ray Bonney

The meeting was called to order at 6:40. The Committee reviewed the minutes from the meeting held on April 22, 2014. Bob motioned to accept the minutes as presented, second by Sean. All in favor.

The Committee reviewed the spreadsheet with all the material going to and from the facility. Recycling has remained pretty consistent.

There was a discussion on the changes the committee would like to make to the ordinance regarding the facility. It was discussed previously that we should start with mandatory separation of cardboard at the facility. The Recycling section of the ordinance needs to be updated. Sean made some suggestions regarding the wording. We are trying to make this a pleasant transition. Every member received a copy of the present ordinance. Diane will make the changes in red and forward to all the members for their input.

Sean suggested that we put another article in the paper saying how good everyone is doing recycling, but that we can do better and save more. Diane will work on an article. Presently, that information is being distributed in the newsletter along with the taxes.

There will be no meeting in June.

Jim motioned to adjourn at 7:20, second by Sean. All in favor.
