

Recycling and Transfer Advisory Committee  
Minutes of Meeting  
October 27, 2015

Members Present: Jim Levesque, Sean McDonald, Ray Bonney, Richard Bairam, Jim Gorton, Bob Schroeder

The meeting began at 6:35. The Committee went over the spreadsheet with the totals for the month of September.

Recycling rates have increased again to \$32.50 per ton. This is still less than the \$67.63 we are paying for the disposal of trash. The residents have maintained the levels of recycling. It is still a little under 30%.

The Department is having a hard time filling a vacant position because of the pay.

Diane will be presenting her budget to the Town Administrator in the beginning of November.

Meeting adjourned at 7:45.
