The meeting began at 6:30. The Committee went over the monthly spread sheets. The Committee discussed losing an employee at the Transfer Station. He was one of the CDL A Operators. As part of the reorganization, Ernie has been promoted to Asst. Crew Chief; Diane knows he will do an excellent job.

The rates for the single stream recycling have increased to \$27.00 per ton. This is still less than the \$68.00 per ton we are paying for trash.

The Committee reviewed the totals for the month of August.

The meeting adjourned at 7:30.
