reimbursing capital expenditures during FY 2010 per the July 6, 2010 minutes \$8212.39 from Capital Replacement Reserve PDIP #007 to the Sewer Checking Account for

\$250,000 from the Sewer Checking Account to Plant Expansion Reserve PDIP #120 for FY 2010 per the July 6, 2010 minutes

per the July 6, 2010 minutes \$150,000 from the Sewer Checking Account to the Sewer Debt Reserve PDIP #110 for FY 2010

seconded. All in favor, motion carried unanimously. Commissioner Bergeron made a motion to transfer the monies as read, Commission Robb

surplus from the SRF funds that could be used for qualifying expenses. \$6,083,516.61, which includes Change Order #6. He pointed out that there may be \$140,000 in Mr. Beloin reviewed the Expansion Summary Report. The total estimated cost will be

sometime in the near future, discussion will be needed as to the terms of repayment for the loan. Commissioners asked that the money be kept for future payments. Mr. Beloin stated that will not be used because the substantial date of completion was moved to April. The Mr. Beloin informed the Board that in the FY 2011 budget, the \$224,000 for loan #2 repayment

expense. It was also decided to keep the \$41,000 in Special Purposes for current attorney bills. that he thought an estimated \$422,000 left from the plant expansion could also be used for this farming could be accessed. The \$247,877 for Capital Replacement cannot. Mr. Beloin also stated told the Board that the \$118,069 from the Bridge Restoration line and \$131,000 from sludge Discussion ensued regarding monies available for clean up from the disk overflow. Mr. Beloin

# SUPERINTENDENT'S REPORT

realize now that there is no danger with the disks and are disposing of them when found than 10,000 disks more disks to wash back up on cleaned beaches in that area. Most people lot of disks are being caught in the grass and seaweed. However, an off shore storm caused more clean-up efforts in Provincetown on Wednesday. They had picked up about 10,000 disks with a CLEAN UP - The clean-up crew hired by Veolia (Kruger's parent company), will end their

only will they have to re-lay over 1000 feet of pipe, they will probably have to build a whole new has informed DOT regarding this matter. pump station. The existing pump station cannot access the flow if it is two feet lower. Mr. Sylvan Engineering has determined that if NHDOT does lower the pipes for their work along Rte. 3, not PROPOSED DRAINAGE - RT 3 - MERCHANT MOTORS - Steve Sylvan from Graves

McDevitt about their bid, but will have the final decision at the next Commission Meeting. paperwork. All bidders do provide local service. Supt. Kudrick stated that he needed to ask Truck. Currently Peterbilt has the lowest bid, but has not provided the Made in America TRUCK BIDS - Supt. Kudrick gave the Board the bids that were submitted for the Dump

# SCHEDULED APPOINTMENTS

that he would make an appointment in a few weeks time when he had the information unfortunately he did not have all the information he needed at this time. He told the Commission give an update on the status of Walmart connecting to the Martin's Ferry Pump Station, but WALMART UPDATE - Steve DeCoursey, Bohler Engineering - Mr. DeCoursey came to
