OLD BUSINESS

Redistricting:

-- Mike reported that he attended the Town meeting Council on January 23. There the Town Administrator reported a legal opinion was obtained that any sitting Councilor will be OK even if more than one may end up in the same district due to redistricting.

-- There was discussion on making minor modifications of the district boundaries (what is now posted) to reduce the fragmentation of some neighborhoods. Modifications should be done by making and documenting the assumptions. Mike offered to present some assumptions at a meeting tentatively scheduled for Feb 6th at 6:00PM.

November 6th Election close-out:

-- Discussed accepting the annotated name changes written on the checklist, taken by checklist clerks from the voters at the election. A majority decision was made to accept the change and enter them into ElectioNet, even if the DMV check did not validate. If no DMV validation, there will be an entry made in the Comments box.

-- Mike finished getting the reports run for notification of other states at their voters registered in NH. He will have the Administration Department mail out the notices.
