

TOWN COUNCIL MINUTES -- DRAFT Regular Meeting Wednesday, February 10, 2016 6:30 PM Council Chambers

1 2

1. CALL TO ORDER

 Chairman James Sullivan called the meeting to order at 6:30 p.m.

2. ROLL CALL #1

In attendance: Councilors D. Winterton, N. Comai, T. Tsantoulis, J. Levesque, A. Jennings, R. Duhaime (arrived at 6:34 p.m.), M. Miville and Chairman Sullivan.

Absent: Councilor D. Ross

3. PLEDGE OF ALLEGIANCE

4. SPECIAL RECOGNITIONS

5. APPROVAL OF MINUTES

5.a Public 01/13/2016

Board Secretary, M. Miville, reviewed the vote tallies and confirmed their accuracy. Councilor Levesque moved, second by Councilor Winterton, to remove from the table the Council meeting minutes of January 13, 2016. Motion passed 7-0-1 (Councilor Duhaime abstained).

Councilor ??? moved, second by Councilor ???, to approve the January 13, 2016 Council meeting minutes, as amended. Motion passed unanimously, 8-0.

Amendments: Page 5 under "scheduled appointments" change "need" to "needed" and change "Councils" to "Councilors".

5.b Public 01/27/2016

 Board Secretary, M. Miville, reviewed the vote tallies and confirmed their accuracy. Councilor Duhaime moved, second by Councilor Tsantoulis, to approve Council meeting minutes of January 27, 2016, as amended. Motion passed 7-0-1 (Councilor Jennings abstained).

Amendments: Page 5, 4th paragraph, change "SHU" to "SNHU". Page 8, 3rd paragraph, remove the word "take" and include "ask the taxpayers". Page 11, 7th paragraph, replace "the serve" to "they serve". Page 12, 6th paragraph, Dr. Shankle's comments should read "thank the members". Page 13, 6th paragraph, change "negation" to "negotiation". 7th paragraph, "as someone that" should read "as someone who". 10th paragraph, change

"exercises" to "exercising". Page 14 under "subcommittee reports" change "20 surveys" to "22 surveys".

6. AGENDA OVERVIEW

Chairman Sullivan provided an overview of the agenda.

7. PUBLIC HEARINGS -- None

8. CONSENT AGENDA

8.a Donation of Drug Drop Box from CVS Pharmacy and the Partnership for Drug Free Kids to Hooksett Police valued at \$800.00 per RSA 31:95 e II

8.b Donation of gates and labor (valued at \$6,000) from Blue Ribbon Fence for the Hooksett Clay Pond Stewardship Plan per RSA 31:95 e II

8.c Donation of piano valued not to exceed \$5,000 from Rob and Patti Duhaime to the Hooksett Heritage Commission per RSA 31:95 e II

8.d Donations of snack food and beverages from Hooksett businesses to the Town of Hooksett municipal offices to assist in nourishment of election day workers at the polls on February 9, 2016.

Councilor Levesque moved, second by Councilor Winterton, to approve consent agenda items as presented. Motion passed unanimously, 8-0. Chairman Sullivan thanked Councilor Duhaime and his wife for their generous donation to the Heritage Commission. D. Fitzpatrick noted that the donation mentioned in 8.d totaled \$30 from Utz.

9. TOWN ADMINISTRATOR'S REPORT

<u>Library Elevator:</u> Town Administrator Shankle stated that he has researched the town's responsibilities in repairing the elevator at the library. The town must comply with relevant ADA state and federal regulations. The cost of repairs could run from \$50,000 to \$150,000. An RFP will be out tomorrow. Councilors discussed what account the funds could be taken from. Councilor Miville asked whether an elevator in the old town hall could be used or removed. Dr. Shankle said that elevator was more of a lift than an elevator.

Councilor Tsantoulis asked what was wrong with the elevator. Dr. Shankle responded that it had to do with hydraulics. It is strictly a repair job, not replacing the elevator. Mary Farwell, a library trustee, came forward and said the elevator is 50 years old and has been a problem since 2002. Stanley Elevator came out to look at it. There are three components – hydraulics, pump, and control and parts can no longer be found. Library trustees and staff have looked at a number of alternatives and repairing the elevator will be the most cost-effective solution. Ms. Farwell said a lot of people in the building have been severely impacted and she is delighted that this will be taken care of. Ms. Farwell applauded Dr. Shankle for finding the ADA clause requiring the repair.

Town Election: Don Riley, Moderator, and Todd Rainier, Town Clerk, came forward to provide a debriefing on Election Day. Mr. Rainier thanked the Councilors for their assistance. Mr. Riley said that Councilor Jennings helped him take down about 50 signs, Councilor Ross helped with the clean-up and stayed until 11:15 p.m. along with Councilors Miville and Comai. Mr. Riley also thanked the school, the departments of Public Works and Police, the Board of Elections, town office staff, and over 60 volunteers. It was a great team effort and everyone walked away with a great deal of satisfaction. The Town Clerk and Moderator reported the following:

107 108 109

100

101

102

103 104

105

106

• vote count came in eight short of 6,000, or 64% of registered voters

110 111 registered 727 new voters which is significant since the total number of registrants is now over 10,000

112

handled five media crews

113114115

• someone from the Attorney General's office expressed concern about parking; according to statute, one space is required per 100 registered voters which would equal 93 in Hooksett; town had double that number – 126 space in front lot, 100 in back lot, and 10 handicapped.

117 118

116

 over the next several weeks the Town Clerk and Moderator will assess traffic flow and come up with a long range solution; stuck with traffic coming in one way and going out another.

119120121

122123

 Mr. Riley is concerned that ballot clerks have to deal with seven pieces of information for every voter which amounts to 42,000 transactions, presenting significant opportunity for error; the time to process and focus on each voter is extreme even though ballot clerks work in shifts; if any dimension is added to their duties, it would be difficult to handle; and ballot clerks are asked to be vigilant and attentive to their surroundings

124 125 126

 booths may be an issue; had 101 booths that included three portable; may go to 115-120 before thinking about adding booths

127128129

 had two wheelchairs that were used more than anticipated; a 90 year old sat for over 20 minutes before being able to vote

130131132

voter entrance - workers decided to open rear door for exiting but people started entering which may not have been a good decision
post election reconciliation - looking for 99.6 percent accuracy; between voters

134 135

133

checked in and the tape number there was a deviation of 24; there was an issue with non-machine counted votes; there were more write-ins than recorded on the tape; the machine malfunction was resolved; Mr. Riley erred in reporting to the State that Rick Santorum received 1174 votes and Donald Trump received one when the reverse was the case; the correction was made on the State form

136 137 138

 a number of staff were dedicated to counting 340 absentee ballots which can be a challenge and it was all done in four hours

140 141

139

 the deliberative session is scheduled for April 2nd and Mr. Riley will be back before the Council to go over anticipated issues and who will be making motions

142143144

145

146147

148

Councilor Tsantoulis asked how those in need of a wheelchair got to the polling place. Town Clerk Rainier said they came in on crutches and that the concern has more to do with the distance from the parked car to the polling place and the amount of time standing. Two wheelchairs were available and it worked out pretty well. In the future the town may want to consider renting another wheelchair but no one was unhappy. Councilor Jennings asked if it might be worth partnering with civic action groups to assist.

Mr. Rainier said that staff was there and helped recognize who was coming through the door. [Note: Councilor Duhaime left at 7:05 p.m. and returned at 7:37 p.m.]

Councilor Winterton asked if there was any way to purge voters so that the town doesn't go over any state imposed barriers, nor bear the cost of adding booths, parking spaces, and the like. Town Clerk Rainier said that it will be a few weeks before Supervisors of Checklists reconcile their tallies but he is certain Hooksett does not have over 10,000 registered voters today. If a voter votes in another State, some will let the Secretary of State's office know who in turn let the town know. If a voter hasn't voted in six years, they get removed from the list. Every ten years, vital records do report on deceased individuals. Mr. Riley said there is an agreement between New Hampshire, Maine, and Vermont that identifies voters from one State to another but there is no national system that identifies whether a person has voted more than once. Supervisors of the Cheklist can best answer the question.

Councilor Miville commended everybody involved. He said citizens coming out "were very complimentary, so kudos to all". Councilor Miville also said that the exit ramp could have used more salt and might have been difficult to navigate for an elderly or handicapped person. Mr. Riley said the ramp is not ADA compliant; the handicapped exit was to the left. Regarding the number of voting booths, Councilor Miville said he observed a whole row not used. Mr. Riley said the issue with booths is that it is State mandated. Mr. Rainier added that in November the ballot will be longer, requiring voters to be in the booth for a longer length of time.

Councilor Miville suggested not having to share books. Town Clerk Rainier said that the list of "undeclared" votes has been an issue for years in that when the State went to the Election Net program, the program would not alphabetize the entire town by last name, but rather was alphabetized by district so there were six books. Brian Williams, a Supervisor of the Checklist, invested a fair amount of time designing a program that merged and alphabetized everything. This was the first year using that list and it went very well and was much better than ever.

Councilor Comai expressed gratitude to everyone for all of the hours of work. There were no lines, no waiting, and many people commented on it being a very positive experience. Councilor Comai also appreciated food being put in the teachers lounge.

Dr. Shankle continued his report as follows:

- he will leave with the town clerk a notice received from Eversource who are planning to do a lot of work on the dam
- moving forward with agenda packets being automated once tablets are distributed
- old town hall project is moving ahead
- budget committee has started meeting; one last week and one tomorrow night
- Katie and I are looking to upgrade technology in the Council room to include a couple of 70 inch televisions and overhead cameras
- Councilor Winterton will talk later about creating a TIF District along Route 3A. More information will be forthcoming at the Council's next meeting

Reminder that next Wednesday there will be a workshop on the Lilac Bridge and he
hopes all Councilors will be able to attend. [Councilor Comai said she would not
be able to attend.]

10. PUBLIC INPUT - 15 MINUTES -- None

11. NOMINATIONS AND APPOINTMENTS -- None

12. SCHEDULED APPOINTMENTS

12.a Carrie Hyde, Hooksett Old Home Day Chairperson

Carrie Hyde came forward to provide an update on the Old Home Day plans. As always, the celebration is scheduled on the third Saturday of September. This year's Old Home Day is scheduled on September 17th. The committee is playing with the parade start time being 10:30 a.m. and the opening ceremony at 10:00 a.m. instead of 11:00 a.m. They will have a clown/magician and are changing the line up for music. They are also planning to bring back the Bektash mini cars. Councilor Duhaime said he likes the layout for tents, etc. Ms. Hyde said that they try to arrange rows so that there is enough space for emergency vehicles to go through. She is expecting 80 to 100 vendors.

13. 15 MINUTE RECESS - Not Taken

14. OLD BUSINESS

14.a 15-092 Budgets, CIP and Warrant Articles Council_Articles_FY_2017.pdf

Back up for Council Articles FY 2017.docx

Chairman Sullivan asked if the Council had already voted on the operating budget. D. Fitzpatrick stated that the Council had indeed approved an operating budget of \$17,261,292 million by unanimous vote. The default budget will be taken up on the Council's February 24th meeting.

Councilor Winterton suggested that a reduction should be made in the Fire Department's benefits and pension lines in light of the fact that the new Fire Chief will not be receiving these benefits. Councilor Winterton moved to authorize the Council's Budget Committee representative to recommend and vote in favor of reducing up to \$25,000 from the benefits and pension budget lines since the new Fire Chief will not be receiving the benefits. Councilor Comai seconded but would like to see the exact number included. Councilor Winterton said "you never know how much health insurance will cost depending on the plan chosen so we always plug in the higher number." Councilor Winterton said his goal is to take advantage of the fact that the new Fire Chief will not be receiving health insurance or a pension. After some discussion, Councilors Winterton and Comai withdrew their motion.

Councilor Winterton moved to recommend that the Council's representative to the Budget Committee support a reduction in the Fire Department budget based upon the fact that

Hooksett has a new part-time Fire Chief. Councilor Comai seconded and the motion passed unanimously, 8-0.

Article 4: To see if the town will vote to approve the reconstruction of the Town Roads at a cost not to exceed \$1,5000,000.00 payable over a term of five years with an annual appropriation of \$300,000.00, and further to raise and appropriate \$300,000.00 for the first year's payment. In each of the following four years the appropriation of \$300,000.00 will be contained in the operating budget and the default budget. A 3/5th majority vote is required for passage. Estimated tax rate impact is \$0.19. Councilor Winterton moved, second by Councilor Duhaime, to recommend Article 4 to the ballot. Roll Call #2 – Duhaime-yes, Miville-yes, Levesque-yes, Jennings-yes, Comai-yes, Winterton-yes, Tsantoulis-yes, Sullivan-yes. Motion passed unanimously, 8-0.

Article 5: To see if the town will vote to raise and appropriate the sum of \$200,000.00 to be added to the Public Works' Vehicles Capital Reserve Fund previously established. Estimated tax rate impact is \$0.13. Councilor Winterton moved, second by Councilor Duhaime, to recommend Article 5 to the ballot. Roll Call #3 – Comai-yes, Jennings-yes, Miville-yes, Duhaime-yes, Tsantoulis-yes, Levesque-yes, Winterton-yes, Sullivan-yes. Motion passed unanimously, 8-0.

Councilor Jennings asked about the estimated tax impact of \$0.13 which was included in last year's total tax rate. Councilor Winterton noted that if Article 5 is voted down the tax rate will be \$0.13 less. If Article 5 passes, the tax impact amount is already included. Dr. Shankle stated that last year's tax rate included the operating budget and all warrant articles. Councilor Winterton stated that the Department of Revenue Administration (DRA) gives the town a new figure every year so it cannot be compared to last year's tax rate. Warrant articles allow voters to decide on matters that are not funded in the operating budget. The police cruisers, for example, are not a choice of voters; it is in the operating budget. Councilor Levesque confirmed that last year's tax rate was \$24.72. Dr. Shankle suggested taking last year's default budget and including all warrant articles that get passed by the voters and that will provide an estimate of what this year's tax rate might be. Councilor Winterton also pointed out that the discussion relates to the town portion and not the school share. Councilor Miville said that the tax rate increases by one cent for every \$15,000 appropriated. Chairman Sullivan stated that the Council will look to Dr. Shankle to explain the tax rate in the Voter Guide.

Since Steve Couture, Chair of the Conservation Commission, was in attendance, Chairman Sullivan moved to consider Articles 13 and 14.

Article 13: To see if the town will vote to raise and appropriate the sum of \$25,000.00 to be placed in the Conservation Fund, said funds to come from the sale of timber on conservation land. No amount to be raised from taxation. *Councilor Winterton moved, second by Councilor Duhaime, to recommend Article 13 to the ballot.*

Councilor Comai asked if \$25,000 was the right amount. Mr. Couture said the matter had been discussed at the last Council meeting. Christine Soucie, Finance Director, explained that there was no responsibility to go up to the \$25,000. If sales from the harvest come in at \$15,000 or \$25,000 that is the amount that will be appropriated. The current estimate is \$15,000. The \$25,000 amount provides a buffer. Councilor Jennings confirmed that if sales reach \$26,000, \$1,000 would go to the General Fund and \$25,000

to the Conservation Fund. Councilor Miville wondered if there should not be an explanation that monies would normally go to the General Fund. Dr. Shankle will include an explanation in the Voter Guide. Mr. Couture stated that they had received an estimate from the town engineer for the development of Clay Pond of \$17,500. Another item that has not been approved by the Conservation Commission yet is a 108 acres parcel that has an easement on it and is town property to be harvested, proceeds of which would go to the General Fund. The property also has ten acres set aside for active recreational use. Chairman Sullivan questioned the difference between Article 13 referencing the Conservation Fund, and Article 14 establishing a Conservation Land Improvement Capital Improvement Fund (CRF). Conservation funds can be used to purchase land while funds from the Conservation Land Improvement CRF cannot. Funds from the CRF can only be used for the improvement of existing land. Chairman Sullivan asked that the Conservation Commission be prepared to address any related questions during the deliberative session.

Councilor Levesque asked who would oversee the work. Mr. Couture said that he had contracted with a timber harvest consultant who will oversee logging and ensure that rules and regulations are being met and that accounting aspects of the project are taken care of. Dr. Shankle said the State oversees operations in order to get their timber tax. Councilor Miville felt that including the verbiage "no amount to be raised from taxation" on the warrant is not necessarily accurate since funds going to the Conservation Fund rather than the General Fund, in effect, results in lost revenue to the taxpayers. Councilor Comai said that speaks to her original question of whether the \$25,000 was a correct amount. It was repeated that the best estimate on the sale of timber is \$15,000. Councilor Comai wanted to propose an amendment to the Article but could not while a motion was pending.

Chairman Sullivan moved the question. Roll Call #4 – Levesque-yes, Duhaime-yes, Winterton-yes, Tsantoulis-yes, Sullivan-yes. Motion passed, 5-3 (Councilors Jennings, Miville and Comai opposed).

Councilor Comai said it could have been unanimous had she been allowed to propose her amendment. Councilor Winterton pointed out that the warrant was for this year only and "must be done yearly so the amount doesn't make much difference". Councilor Miville said he voted no because he believes the funds should go to the General Fund and not the Conservation Fund and feels voters have a choice. Dr. Shankle said that there is no tax impact as the tax rate is defined. It was also pointed out that funds raised through timber sales were never intended to offset the tax rate.

Article 14: To see if the town will vote to establish a Conservation Land Improvements Capital Reserve Fund under the provisions of RSA 35:1 for infrastructure improvements on Conservation easements or property and to raise and appropriate the sum of \$10,000.00 to be placed in this fund. Further, to name the Town Administrator as the agent to expend from said fund. Estimated tax rate impact is \$0.01. Councilor Winterton moved, second by Councilor Duhaime, to recommend Article 14 to the ballot. Roll Call #5 – Tsantoulis-yes, Duhaime-yes, Jennings-yes, Levesque-yes, Winterton-yes, Comai-yes, Sullivan-yes. Motion passed 7-1 (Councilor Miville opposed).

Article 6: To see if the town will vote to raise and appropriate the sum of \$194,293.00 for the salaries, overtime, benefits, including uniforms and equipment to hire two (2) new full-

time police officers. Councilor Comai moved, second by Councilor Jennings, to recommend Article 6 to the ballot. Roll Call #6 – Levesque-yes, Winterton-yes, Comai-yes, Tsantoulis-yes, Jennings-yes, Duhaime-yes, Sullivan-yes. Motion passed, 7-1 (Councilor Miville opposed).

Article 7: To see if the town will vote to raise and appropriate the sum of \$170,000.00 to be added to previously established Capital Reserve Funds and to apportion the sum among several funds as listed:

Automated Collection Equipment	\$ 30,000.00
Drainage Upgrades	\$ 50,000.00
Parks & Recreation Facilities Development	\$ 15,000.00
Town Building Maintenance	\$ 75,000.00

Total \$170,000.00

Chairman Sullivan moved, second by Councilor Comai, to recommend Article 7 to the ballot. Roll Call #7 – Winterton-yes, Levesque-yes, Duhaime-yes, Jennings-yes, Miville-yes, Tsantoulis-yes, Comai-yes, Sullivan-yes. Motion passed unanimously, 8-0.

Article 8: To see if the town will vote to raise and appropriate the sum of \$70,000.00 to be added to the previously established Capital Reserve Funds and to apportion the sum among several funds as listed:

Fire Apparatus	\$ 50,000.00
Air Packs & Bottles	\$ 20,000.00
Total	\$ 70,000.00

Councilor Tsantoulis moved, second by Councilor Winterton, to recommend Article 8 to the ballot. Roll Call #8 – Levesque-yes, Duhaime-yes, Tsantoulis-yes, Jennings-yes, Miville-yes, Comai-yes, Winterton-yes, Sullivan-yes. Motion passed unanimously, 8-0.

Article 9: To see if the town will vote to raise and appropriate the sum of \$60,000.00 to purchase a Live Bottom Trailer for the Recycling and Transfer Division of Public Works with said funds to come from the Solid Waste Disposal Special Revenue Fund. No amount to be raised from taxation. Councilor Levesque moved, second by Councilor Winterton, to recommend Article 9 to the ballot. Roll Call #9 – Miville-yes, Comai-yes, Duhaime-yes, Winterton-yes, Jennings-yes, Tsantoulis-yes, Levesque-yes, Sullivan-yes. Motion passed unanimously, 8-0.

Article 10: To see if the town will vote to raise and appropriate the sum of \$50,000.00 to purchase a new command style 4x4 vehicle for the Fire Rescue Department. Estimated tax rate impact is \$0.03. Councilor Jennings moved, second by Councilor Tsantoulis, to recommend Article 10 to the ballot. Roll Call #10 – Winterton-yes, Tsantoulis-yes, Levesque-yes, Comai-yes, Miville-yes, Jennings-yes, Sullivan-yes. Motion passed 7-1 (Councilor Duhaime opposed).

Article 11: To see if the town will vote to raise and appropriate the sum of \$40,000.00 to be added to previously established Capital Reserve Funds and to apportion the sum among several funds as listed. Estimated tax rate impact is \$0.03.

Revaluation	\$30,000.00
Master Plan	\$10,000.00
Total	\$40,000,00

Councilor Miville pointed out that revaluation must take place every five years so if the Article is voted down funds must be taken from the General Fund. Chairman Sullivan asked why the expense is not included in the Operating Budget. It was mentioned that the full expense of \$200,000 would have to be expensed in one year rather than spread out over five years.

Councilor Miville moved, second by Councilor Comai, to recommend Article 11 to the ballot. Roll Call #11 – Tsantoulis-yes, Levesque-yes, Miville-yes, Winterton-yes, Jennings-yes, Duhaime-yes, Comai-yes, Sullivan-yes. Motion passed unanimously, 8-0.

Article 12: To see if the town will vote to establish a Sidewalk Capital Reserve Fund under the provisions of RSA 35:1 for installing and maintaining sidewalks and to raise and appropriate the sum of \$25,000.00 to be placed in this fund. Further, to name the Town Administrator as the agent to expend from said fund. Estimated tax rate impact is \$0.02. Councilor Duhaime moved, second by Councilor Miville, to recommend Article 12 to the ballot. Roll Call #12 – Comai-yes, Jennings-yes, Miville-yes, Winerton-yes, Levesque-yes, Tsantoulis-yes, Duhaime-yes. Motion passed, 7-1 (Chairman Sullivan opposed). Councilor Winterton indicated that this warrant must be approved yearly.

Article 15: To see if the town will vote to discontinue the following Capital Reserve Funds with said funds and accumulated interest to date of withdrawal, to be transferred to the town's general fund.

Name of Capital Reserve	Established	Ba	<u>llance</u>
HVAC System Development (Library)	2003	\$	15.04
Plow Dump Trucks	2012	\$	-0-
Police Computer System Development	2003	\$	13.91
Road Impact Fee Traffic Study	2009	\$ 3	33,046.68
Town Wide Computer Development	2006	\$	23.79
Town Wide Opti-Com System	1996	\$	-0-
Upgrading Diesel Tank & Fuel Dispenser	2012	\$	9,531.67

Councilor Comai moved, second by Councilor Winterton, to recommend Article 15 to the ballot. Roll Call #1 – Winterton-yes, Comai-yes, Tsantoulis-yes, Levesque-yes, Jennings-yes, Duhaime-yes, Miville-yes, Sullivan-yes. Motion passed unanimously, 8-0.

Zoning Board of Adjustment

The Council went over the status of a number of future agenda items. The following Board and Committees still need to come before the Council as required by Charter: Budget Committee, Cemetery Commission, Conservation Commission, Economic Development Advisory Committee, Heritage Commission, Library Trustees, Parks and Recreation Advisory Board, Planning Board, Recycling and Transfer Advisory Committee, Town Hall Preservation Committee, and Zoning Board of Adjustment.

Councilor Comai suggested hosting a "thank you" volunteer lunch or continental breakfast on April 2, the date of the deliberative session. Councilor Winterton liked the idea but was concerned about the perception of paying people to come vote. All Council members thought this was a good idea.

 Councilor Tsantoulis asked that the Code Enforcement Officer be dispatched to take a look at #30 Londonderry Turnpike in Councilor Winterton's district. It seems a resident is running a dumpster business in a residential area, and the dumpsters are continually over-filled. Dr. Shankle will follow-up.

16. SUB-COMMITTEE REPORTS

Councilor Levesque said the transfer station lost its best driver. The price of recycling went up a bit. Price is now \$40/ton to recycle versus \$60/\$65 to get rid of trash.

Councilor Winterton said the Hooksett Youth Achiever meeting is scheduled for February 24th. The Planning Board got a volunteer application but did not make a recommendation. SNHU continues to grow and is looking at a storage facility at University Heights. ProCon is expanding. Most of the meeting was about ordinances for chickens which will be discussed at the next Council meeting.

Tying into the Planning Board, Councilor Winterton has visited with the Sewer Commission and discussed the potential for a TIF district on the west side of the river. Engineering has been done and will be presented to the Planning Board on the 22nd. Good economic potential could be realized by having sewer there. Discussions have been held on how large the TIF district should be and whether work should be done in segments. Consultants are good and have established TIF districts in other towns and this is a very positive step for Hooksett. Also, Walmart came in for an extension. They had approval to build their own treatment plant. The permit expired and they were given a 60-day extension. It seems they don't want to do that and would like to have sewer available. The Council may get a presentation on the 24th following a presentation made to the Planning Board on the 22nd

 In response to a question by Chairman Sullivan on the Exit 10 TIF District, Councilor Winterton said there was \$90 million of taxable property that came out of the Exit 10 TIF District. Part of the evaluation process now is determining the potential for the sewer TIF and whether it will pay for itself or not which will come from the consultants. Councilor Winterton also stated that part of the reason Exit 11 has not been developed is because of the sewer. "No restaurant will be built there without sewer". Councilor Miville asked that the Economic Development Committee be kept apprised of developments.

494 Councilor Comai had nothing to report. 495 496 Councilor Miville said the school budget was done and citizens added in additional monies. The budget is over \$32 million plus warrant articles. There were two 497 498 openings on the Budget Committee. The Committee appointed Brian Tilton who wants 499 to become more involved. Last Thursday Dr. Shankle provided a budget review and the Committee will start tomorrow with the DPW budget. 500 501 502 Councilor Levesque moved, second by Councilor Winterton, to extend the meeting by ten minutes. Motion passed unanimously, 8-0. 503 504 505 Councilor Duhaime referenced materials that were in the reading file. 506 507 Councilor Jennings attended the Parks and Recreation meeting. It was a full house. The Director of Public Works was in attendance and there was discussion about the 508 509 MasterPlan. They are moving forward on developing an area behind Walgreens to be used for passive recreation next summer. 510 511 512 Councilor Tsantoulis had nothing to report. 513 514 Councilor Winterton noted that while it is not reflected in the budget process, having a town engineer to facilitate all these projects moving forward and attending meetings and 515 516 working with engineers has been very valuable. 517 518 PUBLIC INPUT -- None 17. 519 **NON-PUBLIC SESSION -- None** 520 18. 521 522 19. **ADJOURNMENT** 523 524 Chairman Sullivan moved to adjourn the meeting at 9:35 p.m. Motion was seconded by Councilor Levesque and passed unanimously, 8-0. 525 526 527 528 Respectfully Submitted 529
