

COMMUNITY PRIORITIES SURVEY -

Please return by October 8, 2010

The Town of Hudson is in the Community Development Strategy planning stages for our next round of Block Grant Funding. In past applications, the Block Grant provided funding for such projects as Downtown Facades, the Senior Center Renovation, the Cellucci Splash Park & the reconstruction of the South Street Parking Lot.

On the front page of the Town's website and on the back of this page, please find a Community Priority Projects survey to gage your concerns & priorities for the Town. There are approximately two dozen projects listed on the survey. We are looking for you to rank them in order of importance to you. There is also room to write in other specific projects that are not listed on the survey.

Feel free to forward it on to other Hudson residents that may be interested. The draft plan, as well as the survey, are also posted on the front page of the Town's website: www.townofhudson.org. Surveys are also available at the Town Clerk's Office, the Recreation Department & the Library.

We welcome any feedback on the draft plan & surveys can be returned here or mailed/dropped off in Town Hall, Community Development Office, 78 Main St., Hudson, MA 01749. Surveys taken online can be emailed to kshea@townofhudson.org.

Please return them by October 8, 2010.

A public hearing to discuss future potential projects for the next Block Grant application is scheduled for Wednesday October 13th at 7 PM in the Selectman's Hearing Room in Town Hall. All are invited to attend.

<u>Project Name / Description</u> Please measure each project's importance & check your TOP 10 most important projects.	Not Important	Low Importance	Medium Importance	High Importance	Critical Importance		Top 10 Favorite Projects
