

# Hull Commission on Disability – Meeting Minutes

Date: May 12, 2005

Location: Town Hall

Time: 6:00pm

Attendees: Bill Townsend, Peter Lombardo

## Discussion items:

1. Hull High School ADA compliance
2. Jacobs School renovations
3. Beach access
4. Apollo Building renovations
5. Parking issues

### *Hull High School ADA compliance:*

Major concerns are non-compliance of the auditorium, some of the restrooms and the roll-in showers in the gymnasium locker rooms. Meetings need to be scheduled with the architect and the School Building Committee to resolve address issues.

It was also decided that all of the restrooms need to be resurveyed for one report.

### *Jacobs School renovations:*

We will need to get a copy of the preliminary architectural plan and attend the next scheduled School Building Committee meeting.

### *Beach access:*

I plan to attend the next Beach Management Committee meeting. I will contact the Highway Department to find out what is currently in place.

### *Apollo Building renovations:*

A copy of the architectural plans has been received for review.

### *Parking issues:*

A question concerning handicapped parking at the Nantasket Beach Reservation has been received. I will contact the DCR for information.

A complaint has been received concerning the limited number of handicapped parking places at Pemberton Pier. I will look into ways to add more spaces.

## Outstanding action items:

1. A Hull High School accessibility survey will be conducted on Tuesday April 19 at 10:00am.
  - Survey has been completed and a report submitted.
2. Document beach access locations and procedures.

- In progress.
- 3. Review the proposed updates to AAB CMR 521 to determine if and how they may pertain to us.
  - Proposed updates to AAB CMR 521 have been downloaded and reviewed.

**New action items:**

1. It was also decided that all of the High School restrooms need to be resurveyed for one report.
2. Plan to attend the next scheduled School Building Committee meeting.
3. Plan to attend the next scheduled Beach Management Committee meeting.
4. Contact the Highway Department to find out what kind of beach access plan is currently in place.
5. Review the Apollo Building architectural plans for ADA issues.
6. Contact the DCR for information on handicapped parking at Nantasket Beach.
7. Look into ways to add more handicapped parking spaces at Pemberton Pier.

**Other items:**

1. Judi Saide has rebuilt the Commission's web site.
2. Work has begun on Main St. from the Water Treatment Plant to Pemberton. We need to be aware of ADA compliance in conjunction with construction.

Next Meeting: 6/09/2005
