

# Hull Commission on Disability

## March, 2010 Meeting Minutes

Date: Thursday, March 11th, 2010

Location: Hull Town Hall

Time: 5:30

Attendees: Ken MacDonald, Bruce Wood, Joan Humphreys

### Discussion Items:

### Active Projects:

\*Jakes Phase II Renovations-The work is in progress (the kitchen, retail space and bar area). The work will be inspected in the spring.

\*Daddy's Dry Dock Renovation- The work is in progress. The Commission hopes to get an update from Peter during the April meeting.

\*Olivina's Salon- Per Peter at the February meeting, the owner Frank Plotner is in the process of installing a railing.

\*Subsidized Accessible Hull Housing-No news to report. Bruce may attempt to contact the Department of Justice for an update for the April meeting.

\*Steamboat Wharf Marina Construction- Per Peter at the February meeting, there is still a small punch list he will be looking into.

\*A Street Beach Ramp-Construction is complete. The beach has taken a beating this winter, and there are many stones against and on the ramp. Ken noticed the dune adjacent to the HP parking space has eroded, covering half of a space. He will email Peter to inquire about the process for clearing the ramp during the beach season and making sure both HP spaces are clear of sand. Ken and Bruce discussed the email to Matt Tobin at the DCR about the possible use of their rolling beach mat. Bruce did not hear back from Matt. Ken will make an attempt at emailing him. If no response, the Commission will suggest Bob Fultz proceed with purchasing a rolling beach mat. Joan has suggested a bench and Bruce reminded all that any proposed bench should have a compliant rail on one end. Ken will inquire with Bob and Peter.

\*Senior Center Renovations- The CDBG application has apparently been submitted.

\*Carousel Renovations – Work in progress.

\*Sunset Bay Marina, A Street – No news-Peter and the Commission will monitor the process.

\*Farmers Market – No news to report.

Inactive Projects:

\*The Performing Arts Center

New Business:

Next Meeting is on April 8th, at 5:30 at the Town Hall
