Mr. Hipp introduced Ms. Jennifer Constable, Chair of the South Shore Vocational Tech

Study Committee, who gave an overview of the SSVT Committee's charge from Town Meeting to seek and authorize to enter into an agreement to become a member of SSVT. She said that before the committee can know the feasibility they must first gauge interest. Ms. Constable said that the committee envisioned having the Votech come in for an informational session so they can get a real number of students who are interested in attending. When asked what the current process is when considering high school plans, Ms. Rebecca MacDonald, Memorial School Adjustment Counselor, told the committee that she visits with each eighth grader at lunch and asks if the students have any questions about paths to take. If students express interest she makes follow up appointments with them and their parents. School Committee members voiced their concern of having the Votech come to the schools when no other public or private school has ever done that and it should be the parents and students responsibility to seek out a different school, with the informational help from Ms. MacDonald. Committee members also discussed the acceptance policies that have recently changed, therefore allowing Hull students a better opportunity to get accepted to the Votech without being a member school.

Motion: Kelley Huxtable

Second: None

Move to allow the South Shore Votech to send a survey in the Blue Notes to gauge interest.

Mr. Hipp suggested having a small group made up of School Committee members and SSVT members meet in June to discuss next steps. Ms. Fleming suggested School Committee pick a member to be in the small working group at the May 16th School Committee meeting. Ms. Constable stated that the SSVT's next meeting is May 23rd and they can discuss if they are committed to the small working group at that meeting.

Motion: David Twombly

Second: Stephanie Peters

Move to set up working group to discuss next steps related to joining the SSVT.

Vote: 5-0-0

The Committee took a five minute recess at 8:41 p.m.
