#### **NEW BUSINESS**

Lampke, as acting Town Manager, said that Lemnios sends his regards and will be back soon. Also there are two brief items for executive session.

Reilly wanted to schedule a discussion at their next meeting about the sewer update and the odor that has returned to the plant.

Brannan would like to thank whoever is responsible for painting the pillars on the Town Hall. Also, he inquired as to the status of the approved motions from Town Meeting that had to go to the AG's office for final approval. Lampke answered said that he has not heard back about any approval as of yet.

Reilly asked Lampke about the letter to the AG's office regarding the flood insurance. Lampke answered that there was a draft of the letter, but will follow-up with an update at the next meeting. Reilly suggested that the BOS implement a panel for a Summer Rental Bylaw and advertise for such a committee and look at some other bylaws of other Towns. Richardson said that he will have that advertised. Lampke suggested that it might be more appropriate to have a staff committee work on this issue and report back to the Board. This could be done under the direction of the Town Manager. It would perhaps result in initially more impartial review than those who may have an interest either for or against it. The Board members were agreeable to that approach.
