

PARKING COMMITTEE AGENDA. 10/15/12

attended by Captain Bob and Chief Robert

1) parking discussion Milford Street

Bob DeCosta suggests we discuss Mgl Chapter 155-20

Chief semi-agrees with 155-20 but very wary of adding 155-20.

Have added so few in a decade.

19 and 28 milford street residents attended

Moe advocates for restricted zone, not 155-20

According to Condo, they do not park on Milford St, only the restaurant does ? Not so sure.

I recommended restricted and visitor parking before we implement 155-20.
Have residents complain to Police.

Captain suggests that we propose Milford street becomes Restricted; and we will have an open meeting to discuss with neighbors. 12 + homes on street.

Chief asks what are our standards to change parking and traffic rulings ?
We need to verify complaints over time.

Restricted area neighbors confirmed that working together helps with sharing guest/visitor passes.

Space on A Street between woods and steel plant could possibly be made to be municipal....police should look.

Motion-make Milford Street become restricted. Discuss at meeting
November 26th @ 630pm.

In the meantime, Police will review extra space to become restricted. (Bay ave east). We should get Sea Dog and Condo Assoc rules.

2) committee discussions about Bay Street/ Sagamore Hill

Bob DeCosta considers Bay Street being restricted in part, and unrestricted in others. Chief says enforcement nightmare; make all of the street restricted won't work.

Chief has concern for when houses change hands, and will next group want to change back to unrestricted ? few complaints from this area.s Neighbors confirm that hills not issue, just Bay Street and cut through on Eastern and Hillside.

Chief stated that now people park 1-way the right way, a huge help.

Bob Decoste recommends keeping restricted: Bay Street, Eastern, Porazzo, and Hillside. All the rest in area go back to non-restricted. Meeting Nov 26th @ 7pm. Term ends June 30 2013.

3)discussion of parking West of Nantasket Avenue Phips to A street explained to Chief issue when day trippers move to bayside and park for free.

we should have group meeting at HS

Phil Lemnios suggests being zone and not address specific. Phipps to A would be a Bayside Zone, as Zone Restricted. Limit # resident and visitor permits.

I need to speak with Audrey about making a proposal. How do you enforce ? Cost of stickers ?

Chief says that non-residents change in street, go to bathroom, cause issues.

4) discussion of parking at the commuter boat parking lots (requested by a resident)

Mr Gould stated that boat lot is more crowded now than ever...why ? have control over parking lot and lined spots, not circle and front of retail.

students on the decrease
MBTA boat ridership on increase
Chief has been monitoring lot sporadically for few years
More out of towners now than 2-3 years ago
Overnight parkers

Phil Lemnios says that we need to support boat, increased housing values.
Municipal lot – 263 spots, remaining 60 (?) – pay station \$4/day or
overnight
Captain suggests charging out of towners,

5) parking station meeting update/ discussion

6) board member comments/discussions

7) resident comments/discussions

Future meetings

10/22,10/29,11/12,11/26
