 Other \_\_\_\_\_

RSA 153:1-10a now require hard-wired smoke detectors in all residential units.  
 Commercial, rental and multi-units must conform to NH Fire Safety Regulations and plans approved by Fire Chief.

**NOTE:** Please complete on the attached grid a general plot plan showing the location of the building or work area in relation to property lines, including location of the driveway.

This approval does not relieve me from compliance with any other Town of Jackson Zoning Ordinances and Subdivision Regulations.
