A special meeting of the Jaffrey Conservation Commission was held 6PM at the Town offices. The purpose of the meeting was to hear and review the Town of Jaffrey's application to DES for a dredge and fill permit. The intended work involves repair to culverts under Gilmore Pond Road.

Public notice had been posted prior to this meeting on the Town Offices bulletin board as well as on the TD Bank bulletin board.

Presentation was made by a representative from Tighe and Bond and Randy Heglin, Jaffrey Town manager.

Subsequent questions and answers satisfied the Conservation Commission members unanimously that there was no need for the Commission's investigation. Michael George will write the letter informing DES accordingly.

The meeting was adjourned at 6:30 PM.

Respectfully submitted,

Patricia Weiner
