MARCH 8, 2016 TOWN ELECTION

PUBLIC SAFETY COMPLEX POLLS OPEN 7:00 AM – 7:00 PM

[CLICK HERE](#) FY17 BUDGET

ARTICLE #2 - POWDER MAJOR FARM AND FOREST

A remarkable property in Lee, Madbury and Durham is planned for protection by the Society for the Protection of NH Forests. Working with the three towns, the Forest Society is planning to purchase and conserve 195 acres of forest lands as a new Forest Society Reservation and further to protect an abutting 32 acres of farmland with a conservation easement. The Powder Major property has an extensive trail system for a wide variety of public recreation activities. Conservation will also protect the Oyster River, a drinking water source for UNH and Durham, which travels for more than ¾ of a mile through the property. There are also a variety of important wildlife habitats and historical features. The Town is proposing to help the project by acquiring a conservation easement on the 46 acres in Lee. Although the purchase will cost \$150,000, the money will come from existing conservation funds, so no new taxes will be required. The Select Board and the Conservation Commission have unanimously endorsed this project.

ARTICLE #10 - POLICE CRUISER

Warrant Article 10 on this year’s ballot asks for funding for a new police cruiser. Since the funding will be coming from “surplus” no new funds are needed through general taxation. The Police Department reduced its fleet in 2014/15 by eliminating three vehicles. There were no cruiser purchases approved for FY2016. The Department currently operates with five (5) cruisers, three of which each have over 100,000 miles. The oldest vehicle, a 2006 with 173,000 miles, is not suitable for regular use. Each of the other cruisers puts on an average of 25,000 miles each year. By July of 2016, 4 of the 5 cruisers will be out of warranty. If this Warrant Article passes, the 2006 will be replaced with the new cruiser; therefore it will not add to the number of vehicles in the fleet. Having aging, high mileage emergency response vehicles is a real concern. The safety of our officers and the public while responding to emergency calls is paramount.

ARTICLE #13 - POLICE FINGER PRINT SCANNER

Warrant Article #13 is proposing to purchase an inkless finger print scanner and printer system for the Police Department. The current system was purchased in 2007 with funding from Drug Forfeiture, the Lee Police Association, and help from some local businesses and no funds from the town. This system is out of warranty and has become outdated and expensive to repair. The proposed new system enables officers to finger print arrest subjects in a much more efficient manner. The Department also uses the system to provide a service to Lee residents and businesses for employment background checks and to create "Child Identification Kits," at no charge. This warrant article will also use “surplus” funds and therefore no funds need to be raised from general taxation.

Bits of History from Saturday, February 18, 1899

A Life-Threatening Whooping Cough Epidemic Sweeps Lee and a Life-Threatening Blizzard Saves Lives By Causing a 2-Day Quarantine.

LEE.

Whooping cough is quite prevalent.

S. F. Clafin of Manchester was in town Friday,

Business is quite lively at Wadley's Falls shoe shop.

Thomas Hull, a brakeman on train 66, fell from the top of a car to the ground, injuring himself severely. He was removed to his home in Barrington.

Mrs. E. J. D. Glidden is quite ill.

Miss Rose Bartlett is the guest of Mrs. Fitts, in Haverhill, Mass., for a short time.

The infant child of Mr. and Mrs. George Dudley is very sick with whooping cough.

Mrs. Charles Hardy, with Master Herbert and little Helen, are restricted to the house.

Miss Nellie Wiggin, who has been in Providence, R. I., several weeks, is at home for the present.

Mr. Timothy G. Davis, one of our oldest and most respected citizens, is seriously ill with grip.

The family of Daniel W. Burleigh, consisting of himself, wife, son and three grandchildren, who have all been sick with the grip and whooping cough, are convalescing.

Lee, like all other towns, has felt the effects of the blizzard. John Currier and wife, who are employed in the shoe shop at Wadley's Falls, found the snow-drifts so formidable Monday night when returning home, that they were obliged to stable their horse and spend the night at John Webb's, finishing their journey on snow shoes Tuesday morning. We were snowed in two days, but if, as we hope, the mantle that so beautifully covers "Mother Earth," is sufficiently heavy to crush the grip that has afflicted so many families in town, we shall feel compensated for our enforced, temporary isolation.
