

Lee Ad Hoc Racetrack Committee Meeting Minutes
January 21, 2015

Attendees: C Brown, W Lehman, A Lelio, T Loureiro, B. Callen, T Dronsfield

1. Tom L opened meeting. Group approved meeting minutes from Dec 4 2014 meeting.
2. Tom L confirmed that Select Board had formally accepted sound measurement bid from Eric Reuter (Reuter Associates), and had also authorized funds from Select Board Contingency Fund to cover the associated fees.
3. Tom L suggested that a good next step would be for the ad hoc committee to meet with Eric and discuss measurement plans for 2015. Chief Dronsfield suggested we also send Eric Section 21A of the racetrack ordinance so that he can provide an initial review/guidance at the next meeting. Group agreed that arranging a meeting with Eric in Feb was proper next step.
4. Andy expressed hope that measurements could be taken at first race in April (American Canadian Tour- April 12). Cary felt the noise contour mapping is also a critical exercise. The group believes this option was also approved by the Select Board, as the appropriation totaled \$12,000, but Tom L will confirm with the Board.
5. Tom L agreed to contact Eric to set up next meeting. Bill can't make any meetings between Feb 12 and Feb 21, so meeting with Eric will have to be either before or after this time period.
6. Meeting adjourned.
