Ms. Glover handed out a compilation of the goals and objectives that she had received from members of the committee. Included in the compilation was a definition of a goal and an objective.

The handout initially listed eight (8) specific goals. Some of the goals had objectives listed under them. The committee decided to just discuss the goals for determination as to which goals should be presented to the Board of Selectmen. The list of goals was reduced to four (4). The objectives were not discussed.

Ms. Glover will compile a new list of goals and objectives for the next meeting so that the objectives can be discussed.

Next Meeting: At the Public Safety Complex on November 2nd. The committee will review the "Goals and Objectives" list again. David Meeker will be unable to attend the November 2nd meeting.
