

Lee Recreation Commission

February 4, 2013

Present: Phil Sanborn, Geoff Carlton, Dave Young, Dawn Genes

Treasurer's Report: none available

Phil has been looking at getting dugouts built at the Babe Ruth field at Little River Park. Some that are pre-cast are extremely expensive and not possible. Phil proposes that they be made with a cement pad floor and then two feet of cinder block with a framed building on top. Discussion about where spectator seating will be and how to handle the walkway and drainage.

The Legion Post 67 request to use the Babe Ruth field at Little River Park was approved by the selectmen. The Legion may assist with the dugouts.

Electric service from the substation shed to the well area will be covered under the 2013-2014 operating budget.

The draft Lee Recreation Master Plan was reviewed and discussed. Members provided input for content and strategic action items.

The meeting adjourned at 8:44 pm.

Next meeting March 4, 2013
