Agenda:

STATUS OF RECYCLING BUILDING AND RELATED PROJECTS

Naomi shared that the recycling center now has 4 newly purchased roll-offs: two for recycling and two for demo. They are looking into getting hydraulic covers to protect them from inclement weather.

New signs at the center are more user friendly. Naomi also discussed replacing retaining walls that are in disrepair and purchasing a closer for metal gate. There was discussion about having an area that bread wrap, packing film, and similar plastics could be recycled.

RECYCLING IN SCHOOLS

Jerry will talk with the facilities manager about what they do now for recycling and if they still use plastic ware and throw-away plates in cafeteria. The issue will be further discussed at next meeting.

AWARDS FOR RECYCLING

Jerry introduced an idea of rewarding people for recycling. They might be called "Recycling Awareness" awards. We might have some sort of contest. More discussion on this topic will take place at our next meeting.

Meeting Adjourned: 5 p.m.
