Auburn Road

Scott Benson reported this site was viable and available. There is room to add parking spaces. Ms. Grover is in question of the process needed to further address this site. Scott will pursue this.

Scott asked that Ms. Grover requested time to be on the Town Meeting agenda on January 21, 2013 for the committee report to the Town Council.

Raj Verma

Raj is working with John Beaulieu regarding the online website for the dog park committee. Glitches are still being worked out. The present "domain" is <http://www.londonderrydogpark.weebly.com/>.

It was agreed Ms. Grover should ask IT if the committee could have a sub-domain on the town website. If not, link to a new domain we would create.

Dottie will email Raj re: Facebook and Raj will try to reset password.

South Road

Linda Bates and Anita Snow reported on their visit to this potential site. It is heavily forested, has parking for about a half dozen cars. Ms. Grover read a news article relating to the "goings on of a nefarious nature" at this site presently.

Scott Benson and John Curran will approach Bob Saur, president of the Trailways Committee and Janusz, Director of Public Works, concerning their opinions and input concerning the two sites presently under consideration.
