Agenda

Main topic: (70)

Field visit to Welcome Signs Committee

Housekeeping & Misc. (20+)

Acceptance of minutes All

Welcome Signs Paul

Fluorescent Lamp Project Paul & Bob

Solid Waste Video actions Committee

Other news

Main Topics

Paul, Bob and Duane went to the intersection of Pettengill Road and the airport access road to look at possible locations for a new Welcome to Londonderry sign. Two or three possible locations were viewed. No decision was made and it was suggested that the Town Manager be consulted as to what is the intent of having a sign at this location. The possibility of moving one of the existing signs to this local was also discussed.

Housekeeping & Misc

Acceptance of Minutes:

The minutes from the July meeting were reviewed and approved

- The committee finished discussing the new vs. relocation of a welcome sign as well as the relocation of the Welcome Sign at Exit 4 on Rt. 102. A new location about 200 feet west of where it is located now is being planned to provide for

better visibility. The Town Manger needs to facilitate NHDOT approve this work. Trimmer's Landscaping has agreed to move the sign.

- Paul and Bob presented to the Derry/Londonderry Chamber of Commerce in July about recycling fluorescent lights. The presentation went well and there were a lot of questions. It was suggested by the participants that they attend a few of the networking meetings that the participants hold to discuss this presentation. Paul handed out a flyer that contains the highlights of their presentation for the committee to review.
- Bob said that he went to Benson's and handed out recycling containers for fluorescent lights for Benson's to use. Bensons has agreed to be a collection point for fluorescent lights.
- Paul discussed putting the fluorescent light presentations and information on the Town website.
- The committee will look into sending Erin Brodman a thank you card for helping Vinny with the videos.
- Bob said that Household Hazardous Waste (HHW) collection day will be on November 21st at the parking lot at the LAFA fields.
- Bob said that the DPW has started to prepare the Request for Proposal (RFP) for the solid waste collection contracts. The present contract ends at the end of June 2016.

Meeting ended at 8:50 PM.
